**DECLARATION OF COVENANTS,  
CONDITIONS AND RESTRICTIONS  
OF  
INDEPENDENCE AT MATHER  
A Common Interest Development**

THIS DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS OF INDEPENDENCE AT MATHER ("Declaration") is made by MATHER HOUSING COMPANY, L.L.C., a California limited liability company ("Declarant").

**ARTICLE I  
APPLICABILITY OF DECLARATION  
AND  
DISCLOSURES**

**1.1 FACTS:** This Declaration is made with reference to the following facts:

**1.1.1 Property Owned by Declarant:** Declarant is the owner of all the real property and Improvements thereon located in the County of Sacramento, State of California, described in Exhibit "A" attached hereto.

**1.1.2 Nature of Project:** Declarant intends to develop the Subject Property and the Additional Property as a Common Interest Development which shall be a planned development as defined in California Civil Code Section 1351(k). The Project is intended to be created in conformity with the provisions of the Davis-Stirling Common Interest Development Act (California Civil Code, Section 1350 et seq.). To establish the Project, Declarant desires to impose on the Subject Property, and any property annexed thereto, these mutually beneficial restrictions, easements, assessments and liens under a comprehensive general plan of improvement and development for the benefit of all of the Owners, the Lots and Common Area within the Subject Property and any property annexed thereto.

**1.1.3 Phases of Project:** The Subject Property and the Additional Property are intended to be developed in two (2) or more Phases. The first Phase consists of the Subject Property. Prior to annexation, the Additional Property shall not be subject to any provision of this Declaration. Declarant may, but shall have no obligation to, annex all or any portion of the Additional Property to the Project by recording a Declaration of Annexation in compliance with the provisions of this Declaration.

**1.2 APPLICABILITY OF RESTRICTIONS:** Pursuant to California Civil Code Sections 1353 and 1354, Declarant hereby declares that the Project and all Improvements thereon are subject to the provisions of this Declaration. The Project shall be held, conveyed, hypothecated, encumbered, leased, rented, used, occupied and improved subject to the covenants, conditions and restrictions stated in this Declaration. All such covenants, conditions and restrictions are declared to be in furtherance of the plan for the subdivision, development and management of the Project as a Common Interest Development. All of the limitations, easements, uses, obligations, covenants, conditions, and restrictions stated in this Declaration shall run with the Project and shall inure to the benefit of and be binding on all Owners and all other parties having or acquiring any right, title or interest in any part of the Project. After recordation of a Declaration of Annexation, the property described therein shall constitute a part of the Project and shall be subject to this Declaration.

**1.3 PROXIMITY TO AIRPORT:** As part of the Mather Field Specific Plan, the areas surrounding the Project are divided into various Land Use Districts. The Project is designated as residential in the Mather Field Specific Plan. The property to the north/northwest of the Project contains the Mather Airport District, including runways. The Project is located approximately 0.9 miles south of the airport runway, at approximately the mid-way point of the runway. The Project is also subject to an Aviation and Noise Easement. The Aviation Easement allows and prohibits the following:

- (a) Aircraft may fly as low as one hundred (100) feet above the surface of the ground.
- (b) Aircraft are allowed and expected to create noise, vibration, wind, air currents, artificial light and fuel odors.
- (c) No Improvement, including trees, may be more than one hundred (100) feet tall on any Lot.

Commercial aviation activity at Mather Airport currently generates a significant number of aircraft take-offs and landings during the early morning hours and the late afternoon/early evening time periods. There is no way to predict what changes, if any, will occur over time. The number of take-offs and landings may increase or decrease, the hours of operation may change and the type of aircraft currently using Mather Airport may change. The Mather Airport has the right to conduct business as it sees fit without regard for the existence or proximity of the Project.

**1.4 SANITARY SEWER SYSTEM:** The Project is being built on the former site of the Mather Air Force Base Family Housing Area, and certain items of infrastructure are being re-used, rather than replaced. At the time it was originally built, the sewer system complied with the applicable building codes then in existence, but does not comply with the new sewer construction standards in force today for new subdivisions. In order to re-use the existing sanitary sewer system, it has been repaired in accordance with recommendations made in a report prepared by West Yost and Associates. These repairs improved the performance of the existing system, but they did not bring it into full compliance with the County's current standards. Although repaired, the existing sewer collector mains will require more frequent maintenance and repair than a new system. The maintenance frequency and the number of the required repairs will be similar to that typically associated with a 40 to 50 year-old system. CSD-1 will perform all of the necessary work on the collector system, but this responsibility is limited to the main line only. Any disturbance of unusual duration to the Lots and/or any inconvenience to the Owner caused by the frequency of the required maintenance procedures or the number of required repairs shall not be the responsibility of CSD-1. No compensation in any form shall be made by CSD-1 in response to complaints or disputes of this nature.

**1.5 NOTICE OF PRE-EXISTING COVENANTS AND RESTRICTIONS:**

**1.5.1 Notice of CERCLA Covenants:** As is typical of former military air bases, hazardous materials (including, but not limited to, petroleum hydrocarbons, gasoline additives, solvents, lead, arsenic, mercury, other metals, volatile organic compounds, semi-volatile compounds, and other substances known to the State of California to cause cancer and/or reproductive harm) have been identified in the soil and groundwater at various areas of the former Mather Air Force Base. In July 1989, the entire Mather Air Force Base ("Air Base") was included on the National Priorities List (NPL) under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), due to contamination of the potable groundwater aquifer and the soils in certain areas of the Air Base with numerous contaminants.

The former Mather Family Housing Area was divided by the Air Force into two (2) separate areas, Parcel D-1 as described and shown on Exhibit D-1 and Parcel D-2 as described and shown on Exhibit D-2 attached hereto. An isolated plume of Trichloroethene ("TCE"), a chemical solvent used by the Air Force for metal cleaning, was found in the underground aquifer below certain areas of the Air Base referred to as the "Aircraft Control and Warning Site (WP-12)", and was found to have spread to the groundwater aquifer under Parcel D-2. The Air Force entered into a Federal Facilities Agreement with

the United States Environmental Protection Agency's Region IX ("EPA") and the State of California concerning the Air Force's legal obligation to perform remediation of the various contaminated sites at Mather Air Base. The Federal Facilities Agreement required the remediation of that TCB contamination of the groundwater by the Air Force. The remedial actions conducted by the Air Force have been determined to be performing satisfactorily by the EPA in a letter dated November 25, 1998, although those actions are not yet complete and will continue for an unknown period of time. The EPA did not allow the Air Force to transfer ownership of Parcel D-2 until the remediation system was determined to be satisfactory and the TCB presented no potential for measurable harm. Further, in connection with the transfer of ownership of any property by the Air Force at Mather Air Force Base, the Air Force was required to provide notice of specific hazardous waste activities on the property.

Those portions of the former Military Family Housing Area referred to as Parcel D-1 are subject to the following CERCLA covenant made by the United States of America, acting by and through the Secretary of the Air Force, in the deed recorded on September 30, 1998, as Recorder's Serial No. 980930/1061 in the Official Records of the County of Sacramento, which provide as follows:

(a) Pursuant to Section 120(h)(4) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. Section 9620(h)(4), the United States of America, acting by and through the Secretary of the Air Force, has identified the property as tracts of land on which no hazardous substances and no petroleum products or their derivatives were stored for one year or more, or known to have been released, or disposed of by the United States of America. The United States of America covenants and warrants that in the event that any response action or corrective action is found to be necessary after the date of conveyance for contamination existing on the land prior to the date of conveyance, such response action or corrective action shall be conducted by the United States of America.

(b) The United States of America, acting by and through the Secretary of the Air Force, reserves a right of reasonable access to any and all portions of the property for purposes of environmental investigation, remediation or other corrective action. This reservation includes the right of access to and use of, to the extent permitted by law, available utilities at reasonable cost to the United States of America, acting by and through the Secretary of the Air Force. These rights shall be exercisable in any case in which a remedial action, response action or corrective action is found to be necessary after the date of conveyance of the property, or such action is necessary to carry out a remedial action, response action or corrective action on adjoining property. Pursuant to this reservation, the United States of America and its officers, agents, employees, contractors and subcontractors shall have the right (upon reasonable notice to the then owner and any authorized occupant of the property) to enter upon the herein described property and conduct investigations, and surveys, to include drillings, testpitting, borings, data and/or record compilation, and other actions as required or necessary under the applicable authorities, including but not limited to monitoring wells, pumping wells, and treatment facilities. The United States of America, acting by and through the Secretary of the Air Force, shall repair any damage to the property and the improvements thereon caused by its exercise of the above right of access, and, in connection with any monitoring wells, pumping wells, and treatment facilities installed on any lands utilized for residential purposes, shall design, locate and install them to be as inconspicuous as possible.

Those portions of the former Military Family Housing Area referred to as Parcel D-2 are subject to the following CERCLA covenant made by the United States of America, acting by and through the Secretary of the Air Force, in the deed recorded on June 3, 1999, as Recorder's Serial No. 990603/97 in the Official Records of the County of Sacramento, which provide as follows:

(\*) Notice of Hazardous Substance. The United States of America, acting by and through the Secretary of the Air Force, has made a complete search of its files and records concerning the herein described tracts of land. Those records indicate that the hazardous substance Trichloroethene ("TCB"), CAS Registry Number 79016, Hazardous Waste ID No. U228, was released, an unknown quantity during an unknown time frame, from the Aircraft Warning and Control Site (Installation Restoration Program Site WP-12). The release has contaminated the groundwater below the surface of the Property.

(b) Description of Remedial Action Taken, If Any. For the hazardous substance TCE in the groundwater, the selected remedy consisted of pumping the contaminated groundwater, treating the groundwater in an air stripper to remove the TCE, and disposing of the treated groundwater through a combination of re-injection into the same aquifer depth and discharge into Mather Lake. Pursuant to the provisions of CERCLA Section 120(h)(3)(B), the system was determined by the designated representative of the EPA Administrator to be operating properly and successfully, subject to the appropriate institutional controls needed to protect human health and the environment and maintain the proper operation of the remedial action system which are in place.

(c) Covenant. The United States of America, acting by and through the Secretary of the Air Force, reserves a right of reasonable access to any and all portions of the property for purposes of environmental investigation, remediation, or other corrective action. This reservation includes the right of access to and use of, to the extent permitted by law, available utilities at reasonable cost to the United States of America, acting by and through the Secretary of the Air Force. These rights shall be exercisable in any case in which a remedial action, response action or corrective action is found to be necessary after the date of conveyance of the herein described tracts of land, or such access is necessary to carry out a remedial action, response action or corrective action on adjoining property. Pursuant to this reservation, the United States of America, acting by and through the Secretary of the Air Force, and its officers, agents, employees, contractors and subcontractors, including the United States Environmental Protection Agency and the State of California shall have the right (upon reasonable advance notice to the then owner and any authorized occupant of the Property) to enter upon the herein described tracts of land, and conduct investigations and surveys, to include drillings, test pitting, borings, data and/or record compilation, and other activities related to environmental investigation, and to carry out remedial or removal actions as required or necessary under applicable authorities, including but not limited to monitoring wells, pumping wells and treatment facilities on any lands utilized for residential purposes shall be designed and installed on them to be as inconspicuous as practicable. The United States of America, acting by and through the Secretary of the Air Force, shall, subject to the availability of appropriations therefor, repair any damage to the property and the improvements thereon caused by its exercise of the above right of access.

1.5.2 Notice of Environmental Use Restrictions: The portions of the property described and shown as Parcel D-2 on Exhibit D-1" attached hereto, are also subject to a number of environmental use restrictions made by the United States of America, acting by and through the Secretary of the Air Force, in the deed recorded on June 3, 1999, as Recorder's Serial No. 990603/97 in the Official Records of the County of Sacramento, which provide as follows:

(a) No Interference. The owner covenants for itself, its successors and assigns, and every successor in interest to the property herein described, that it will not engage in any activities that will disrupt required remedial investigations, response actions or oversight activities, should any be required on the property. The United States of America, acting by and through the Secretary of the Air Force, agrees to coordinate its remediation activities with the owner, or its successors and assigns.

(b) Water Well Restrictions. The owner covenants and agrees for itself, its successors and assigns, and every successor in interest to the property herein described, or part thereof, that it shall not construct or permit to be constructed any well or other structure, and shall not use such well or other structure for recharge or to extract, utilize, consume or permit to be extracted, any water from the aquifer below the surfaces of the ground within the boundary of the property for the purpose of human consumption, or other use, unless such groundwater has been tested and found to meet all standards for human consumption, or other such use, and such owner or occupant shall have first obtained the prior written approval of the United States of America, acting by and through the Secretary of the Air Force, with concurrence from the U.S. Environmental Protection Agency, California Department of Toxic Substance Control, and California Regional Water Quality Control Board, Central Valley Region. The costs associated with obtaining use of such water, including, but not limited to, the costs of permits, studies, analysis or remediation, shall be the sole responsibility of the owner, its successors and assigns, without any cost whatsoever to the United States.

(c) Groundwater and/or Soil Contamination. The owner is hereby advised of the presence of groundwater and/or soil contamination within the property which is the subject of ongoing treatment by the United States of America, acting by and through the Secretary of the Air Force; and by acceptance of the deed, the owner covenants and agrees, on behalf of itself, its successors and assigns, that until such time as the remediation action had been closed, all activities within such property will be subject to the following conditions and restrictions:

(i) The owner will provide the United States of America, acting by and through the Secretary of the Air Force, with sixty (60) days written notice of all proposals for any alterations or activities more than twenty (20) feet below the soil surface which are to be undertaken within the property. The notice shall be accompanied by a detailed written description of proposed alterations or activities. Notwithstanding the above, the owner shall be under no obligation to provide notice of any alterations that will be undertaken totally within twenty (20) feet of the soil surface of the property, provided that such work will not impede or impair any activities under the Installation Restoration Program.

(ii) The United States of America's review process described above for alterations or activities proposed to be undertaken on the property will be completed within thirty (30) days of receipt of notice and a complete description of the planned alterations. In the event problems are detected during the review or additional information is required, the United States of America, acting by and through the Secretary of the Air Force, will promptly notify the owner's representative. Upon receipt of any request for additional information, owner shall provide any additional information needed by the United States of America, acting by and through the Secretary of the Air Force, to complete its review. The owner shall not proceed with any proposed alterations until it has received written notice from the United States of America, acting by and through the Secretary of the Air Force, that the proposed alterations are acceptable to the United States of America. Approval will not be unreasonably withheld.

(iii) All notices to the United States of America required hereunder shall be sent to:

Air Force Base Conversion Agency (AFBCA)-Mather  
Attn: Site Manager  
10503 Armstrong Avenue  
Mather, CA 95655-4101

1.5.3 Notice of Federal Aviation Administration Covenant: All of the Project is also subject to a Federal Aviation Administration Covenant required by the United States of America, acting by and through the Secretary of the Air Force, in the deed recorded on September 30, 1998, as Recorder's Serial No. 980930/1061, and in the deed recorded on June 3, 1999, as Recorder's Serial No. 990603/97, in the Official Records of the County of Sacramento, which provide as follows:

FAA Covenant. Any conveyance of any Lot shall automatically transfer the right to use the Common Area without the necessity of express reference in the instrument of conveyance. The ownership interests in the Common Area and Lots described in this Article are subject to the easements described, granted and reserved in this Declaration. Each of the easements described, granted or reserved herein shall be established upon the recordation of this Declaration and shall be enforceable as equitable servitudes and covenants running with the land for the use and benefit of the Owners and their Lots superior to all other encumbrances applied against or in favor of any portion of the Project.

3.2 **OWNERSHIP OF LOTS:** Title to each Lot in the Project shall be conveyed in fee to an Owner.

3.3 **OWNERSHIP OF COMMON AREA:** Title to or a legal ownership interest in the Common Area in each Phase shall be conveyed to the Association prior to or concurrently with the conveyance of the first Lot in that particular Phase to an Owner. 3.4 **OWNERSHIP OF PARTY FENCES:** Each Owner of a Lot upon which a Party Fence is situated shall own that portion of the fence from the surface which faces the Owner's Lot up to the center of the Party Fence.

(b) The right of the Association to grant, convey and dedicate fee title to or easements over all or any portion of the Common Area; and

(c) Any easement which affects the Common Area or which is set forth in the deed which conveys the Common Area to the Association.

3.5.8 Sanitary Sewer Easements:

(a) CSD Sewer Easement: Portions of the Common Area and most of the Lots are subject to an easement in favor of County Sanitation District 1 ("CSD-1") for the main sanitary sewer collector line. The easements are shown as "SEWER EASEMENT" on the Map ("Sewer Easement"). The Sewer Easement varies in width from location to location. CSD-1 is responsible for maintaining, repairing and replacing the main sewer collector line located within the Sewer Easement and has the unrestricted right to enter onto the Sewer Easement to perform whatever work CSD-1 deems appropriate. Neither the Association nor any Owner shall plant any trees or erect any structure within the Sewer Easement. If the Association or any Owner violates the restriction contained in the immediately preceding sentence, CSD-1 shall have the right to remove the trees(s) or structure(s) and to recover the costs of removal from the Association, as to Common Area, or the Owner of the Lot who violated the restriction.

(b) Manhole Access Easements: Portions of the Common Area are reflected on the Map as being subject to "Easements for Manhole Access" ("Manhole Access Easements"). CSD-1 is hereby granted non-exclusive easements for ingress and egress for the purposes of repair, replacement and maintenance of the main sanitary sewer collector line and manholes on the Manhole Access Easements. The Association shall maintain the all weather paving constructed on the Manhole Access Easements for the benefit of CSD-1.

(c) Private Sewer Lateral Easements: Each Lot described as a "Dominant Tenement" on Exhibit "C" attached to this Declaration is hereby granted a non-exclusive easement ("Sewer Lateral Easement") over the Lot or Lots which are described on Exhibit "C" as the corresponding "Servient Tenement". The portion(s) of the Servient Tenement which is subject to the Sewer Lateral Easement is shown on the Map as "SEWER EASEMENT" (which is the same area which is subject to the Sewer Easement described in Paragraph 3.5.8(a) of this Declaration.) The Sewer Lateral Easement shall be for the purposes of using, maintaining, repairing and replacing the sewer lateral that connects the Residence on the Dominant Tenement to the main sewer collector line within the Sewer Easement, which is located partially on the Servient Tenement.

The Owner of the Dominant Tenement shall have the right to enter in and upon those portions of the Servient Tenement which are not occupied by the Residence to repair and replace the sewer lateral. The Owner of the Dominant Tenement has the right to determine which means of ingress and egress over the Servient Tenement is the most practical. The Owner of the Dominant Tenement shall give notice to the Owner of the Servient Tenement of the need to exercise the rights of entry granted in this Section, except in an emergency, where no notice is required. Notice shall be provided in writing or by a conversation at least three (3) days in advance of the entry, in person or in writing. The Owners of the Dominant and Servient Tenement shall cooperate to resolve any scheduling conflicts in a manner that is reasonably satisfactory to all parties.

The Owner of the Servient Tenement shall not plant any tree or place any structure or hardscape within the Sewer Lateral Easement. If the Owner violates the restriction contained in the immediately preceding sentence, the Owner of the Dominant Tenement shall have the right to remove the

trees(s), hardscape or structure(s) and to recover the costs of removal from the Owner of the Servient Tenement. The Owner of the Dominant Tenement shall restore all other landscaping disturbed by the Owner of the Dominant Tenement while exercising the rights granted under this Section.

**3.5.9 Encroachment:** Non-exclusive rights and easements are reserved and granted (i) for the benefit of each Lot, as dominant tenement, over, under and across each other Lot and the Common Area, as servient tenements, and (ii) for the benefit of the Common Area, as dominant tenement, over, under and across each Lot, as servient tenement. Such easements shall be for the purposes of encroachment, support, occupancy and use of such portions of Lots and/or Common Area as shall be encroached upon, used and occupied by the dominant tenement as a result of any original construction design, accretion, erosion, deterioration, decay, errors in original construction, movement, settlement, shifting or subsidence of any building or structure or any portion thereof. If any portion of the Project is partially or totally destroyed, the encroachment easement shall exist for any replacement structure which is rebuilt pursuant to the original construction design. The easement for maintenance of the encroaching improvement shall exist for as long as the encroachment exists; provided, however, that no easement for encroachment shall be created due to the willful misconduct of the Association or any Owner. Any easement for encroachment may but need not be cured by repair or restoration of the improvement.

**3.5.10 Support, Maintenance and Repair:** The Association and each Owner shall have a non-exclusive right and easement appurtenant to the Common Area and to all Lots through each Lot and the Common Area for the support, maintenance and repair of the Common Area and all Lots.

**3.5.11 Easement to Governmental Entities:** All governmental and quasi-governmental entities, agencies and utilities and their agents shall have a non-exclusive easement over the Common Area for the purposes of performing their duties within the Project.

**3.5.12 Association's Easements:** The Association and its duly authorized agents and representatives shall have a non-exclusive right and easement as is necessary to perform the duties and obligations of the Association set forth in the Project Documents, including the right to enter upon Lots, subject to the limitations contained in this Declaration.

**3.5.13 Additional Easements:** Notwithstanding anything expressed or implied to the contrary, this Declaration shall be subject to all easements granted by Declarant for the installation and maintenance of utilities and drainage facilities necessary for the development of the Project.

**3.5.14 Easement to Declarant For Adjoining Property:** Declarant shall have, and hereby expressly reserves, a right and easement over and across the Common Area for the purposes of reasonable ingress to and egress from, over and across the Project, including private roads and pathways, to the Additional Property until all of the Additional Property is annexed to the Project.

**3.5.15 Annexation of Additional Property:** Upon the recordation of a Declaration of Annexation, the Lots and the Owners of Lots in the annexed Phase shall have all of the rights and easements specified in this Article and the Lots and the Owners of Lots in the Project prior to annexation shall have all of the easements specified in this Article as though the annexed Phase were initially part of the Project.

## **ARTICLE IV USE RESTRICTIONS**

4.1 **ACCESS TO REGIONAL PARK:** Portions of the Project share a common boundary with the Regional Park. Owners are entitled to use the Regional Park property on the same basis and subject to the same rules as are all other members of the public. Owners may not enter the Regional Park property except through public entry points designated by the Park District. All use of Regional Park property is subject to the rules of the Park District.

4.2 **ALTERATIONS:** Except as otherwise specifically provided in this Declaration, no Alteration may be made to any Improvement until plans have been submitted and approved pursuant to Article XI.

4.3 **ANIMALS:** An Owner may keep two (2) customarily uncaged household pets within the Owner's Lot. Each Owner may also maintain a reasonable number of small caged animals, birds or fish. Unless the Rules increase the number or type of animals which may be kept, no other animals or pets are permitted in the Project. The Board shall have the right to prohibit the maintenance of any pet which, after Notice and Hearing, is found to be a nuisance to other Owners. No animals may be kept for commercial purposes. No dog shall be allowed in the Common Area unless it is under the control of a responsible person by leash or other means. Each Owner or Invitee shall restore the Common Area to the condition it was in immediately preceding its use by any dog permitted on the Common Area by the Owner or Invitee.

4.4 **ANTENNAS AND SATELLITE DISHES:** No outside television antenna, microwave or satellite dish, aerial, or other such device (collectively "Video Antennas") with a diameter or diagonal measurement in excess of one (1) meter shall be erected, constructed or placed on any Common Area or Lot. Video antennas with a diameter or diagonal measurement of one (1) meter or less may be installed only if they conform to the Architectural Design Review Guidelines and, if then required by the Architectural Design Review Guidelines, any necessary approval is obtained in accordance with the provisions of Article XI. Reasonable restrictions which do not significantly increase the cost of the Video Antenna system or significantly decrease its efficiency or performance may be imposed.

4.5 **DRAINAGE:** No Owner shall make any Alteration to the drainage patterns and facilities in the Project until plans have been submitted and approved pursuant to Article XI and any public authority with jurisdiction over the Alteration.

This Declaration provides notice to each Owner to devote great care and attention to grading and to establishing and maintaining positive drainage away from the entire foundation line of the Owner's Residence. Positive drainage is achieved by shaping Lot grades, establishing drainage "swales" or installing underground area drains. The swales and drains provide a receptacle and conduit to drain water away from the foundation, and the rear, side and front of the Residence to offsite drainage disposal. Swales also prevent drainage water from moving across a Lot to another Lot or Common Area. This Declaration also provides notice to each Owner that if existing drainage swales established on the Lot and around the Residence are interrupted, blocked, filled, or otherwise altered, serious damage can result. Drainage must not be allowed to pond in a yard or run against or under a Residence, foundation, garage floor, driveway or other Improvement. Serious damage can result even during a short period of time.

If a Residence constructed by Declarant has a roof gutter system and downspouts which are directly connected to the Project's storm drainage system, the Residence shall remain connected to the Project

storm drainage system at all times. The Owner of such a Residence may not alter the Residence in any manner which results in additional roof waters draining anywhere other than directly into the Project's storm drainage system.

4.6 **EXTERIOR LIGHTING:** No Owner shall remove, damage or disable any exterior light, regardless of where located, which is connected to the Association's electric service.

4.7 **FENCES AND GATES:** All fences which separate a Lot from open space shall be six (6) feet high and constructed of wrought iron. Gates are not permitted in any fence which separates a Lot from open space or from Regional Park property.

4.8 **INVITEES:** Each Owner shall be responsible for compliance with the provisions of the Project Documents by that Owner's Invitees. An Owner shall promptly pay any Reimbursement Assessment levied and/or any fine or penalty imposed against an Owner for violations committed by that Owner's Invitees.

4.9 **LANDSCAPE MAINTENANCE AREAS:**

4.9.1 **Alterations:** No Alteration may be made by an Owner within a Landscape Maintenance Area without first obtaining approval of the Board. Unless otherwise determined by the Board, any Owner who adds landscaping in any Landscape Maintenance Area shall be responsible for maintaining and caring for the additional landscaping. The Association shall not be responsible for any damage caused to any such added landscaping as long as the damage occurs in the ordinary course of the Association's regular landscape maintenance program.

4.9.2 **Irrigation:** The water supply for the irrigation system for each Landscape Maintenance Area is connected to the meter for the Residence on the Lot subject to the Landscape Maintenance Area. An Owner shall not disconnect or otherwise restrict the flow of water from the Owner's meter to the irrigation system for the Landscape Maintenance Area on that Owner's Lot. All water used by the Association in irrigating the Landscape Maintenance Area shall be paid for by the Owner of the Lot subject to the Landscape Maintenance Area. No Owner shall have the right to contest the amount of water used by the Association as long as the Association is treating each Lot substantially the same as other similarly situated Lots. Owners shall not alter the irrigation systems for the Landscape Maintenance Areas.

4.9.3 **Controller and Timer Boxes:** There is an irrigation controller and timer box attached to each Residence which controls the irrigation system for the Landscape Maintenance Area on that Lot. The controller and timer boxes belong to the Association but are attached to the electrical service for the Residence. Owners shall not adjust the timer settings in the controller and timer boxes in any way for any reason. Owners shall not disconnect the box from the electrical service of the Residence.

4.10 **MINERAL EXPLORATION:** No Lot shall be used to explore for or to remove any oil, hydrocarbons or minerals of any kind without the approval of the Board and only if permitted by local ordinances.

4.11 **PARKING:** Vehicles shall not be parked anywhere in the Project except wholly within garages or driveways, upon public streets and in areas established or designated by Declarant or the Association for the parking of passenger motor vehicles. Parking on public streets is subject to all applicable laws and ordinances. Parking is not allowed on one or both sides of some of the streets which serve the Project in accordance with the determination of the Department of Transportation of the County of Sacramento. No boat, trailer, camper, commercial vehicle, mobile home, recreational vehicle or any inoperable vehicle shall be parked or stored on any Lot except in the garage or on another portion of the Lot which was designated by Declarant as recreational vehicle parking. Unless otherwise provided for in the Rules, garage doors shall remain closed, except when the garage is in use. Garages shall be kept sufficiently clear so as to permit parking of the number of vehicles for which the garage was designed. No part of the Common Area shall be used for repair, construction or reconstruction of any vehicle. No resident in the Project shall park in any area designated as "guest parking." As long as applicable

ordinances and laws are observed, including the requirements of Section 22658.2 of the California Vehicle Code, any vehicle which is in violation of this Declaration may be removed.

**4.12 RENTAL OF LOTS:** An Owner shall be entitled to rent or lease a Lot, if: (i) there is a written rental or lease agreement specifying that the tenant shall be subject to all provisions of the Project Documents and a failure to comply with any provision of the Project Documents shall constitute a default under the agreement; (ii) the period of the rental or lease is not less than thirty (30) days; (iii) the Owner gives notice of the tenancy to the Board and has otherwise complied with the terms of the Project Documents; and (iv) the Owner gives each tenant a copy of the Project Documents. Upon satisfaction of the foregoing conditions all rights to the use and enjoyment of the Common Area shall be exercised by the tenant rather than by the Owner of the leased or rented Lot; however, the Owner shall not be relieved of the obligations and duties imposed by this Declaration.

**4.13 RULES:** The Board may promulgate Rules concerning the use of the Project by Owners and their invitees. The Board shall have the right to limit the number of an Owner's invitees that may use any recreational facilities. Neither an Owner nor its invitees shall violate any provision of this Declaration, the Bylaws or the Rules as the same may be amended from time to time.

**4.14 SIGNS:** All signs displayed in the Project shall be attractive and compatible with the design of the Project and shall comply with all applicable local ordinances. The only signs of any kind which may be displayed to the public view on or from any Lot or the Common Area shall be as follows:

**4.14.1 Declarant:** Signs may be displayed by Declarant on Common Area or unsold Lots, as Declarant deems appropriate, advertising Lots owned by Declarant for sale or rent;

**4.14.2 Legal Proceedings:** Signs required by legal proceedings may be displayed;

**4.14.3 Project Identification:** Appropriate signs may be displayed by the Association to identify the Project;

**4.14.4 Sale or Rent:** One (1) sign of reasonable dimensions may be placed on a Lot advertising the Lot for sale or rent; and

**4.14.5 Signs Approved By Board:** Other signs, posters and notices approved by the Board or specified in the Rules or in this Declaration may be posted in locations designated by the Board.

**4.15 SPORTS EQUIPMENT:** No basketball standards, fixed sports apparatus or similar equipment shall be attached to the exterior of any Residence or permanently placed on any Lot except in accordance with the provision of Article XI. Portable or movable basketball equipment or other movable sports apparatus may not remain overnight on any Lot where visible from adjacent Lots or streets without the prior approval of the Board.

**4.16 STORAGE OF WASTE MATERIALS:** All garbage, trash and accumulated waste material shall be placed in appropriate covered containers. Containers holding recyclable materials need not be covered. Any containers provided by the Association may be stored in locations designated by the Board. Containers provided by Owners may be placed on Common Area or where visible only on the night before and the day that pick-up is to occur.

**4.17 USE AND OCCUPANCY OF RESIDENCES:** Each Residence may be used for (i) residential purposes, (ii) uses within Residences which cannot be prohibited under federal or state law and (iii) uses permitted by local ordinance (provided that home occupations must be conducted in a manner that does not materially and adversely impact the ability of other Owners to use and enjoy the Project). Otherwise, no business of any kind shall be established, maintained, operated, permitted or constructed in any portion of the Project, except for the business of Declarant in completing the development and disposition of the Lots in the Project. No Residence shall be permanently occupied by any more than two (2) persons per bedroom. No Owner may permit or cause anything to be done or kept upon or in a Lot which might obstruct or interfere with the rights of other Owners or which would be noxious, harmful or

unreasonably offensive to other Owners. Each Owner shall comply with all of the requirements of all federal, state and local governmental authorities, and all laws, ordinances, rules and regulations applicable to the Owner's Lot.

**4.18 USE OF COMMON AREA:** All use of Common Area is subject to the Rules. All persons residing within the Project may enjoy the use of all facilities in the Common Area as long as they abide by the terms of the Project Documents. There shall be no obstruction of any part of the Common Area. Nothing shall be stored or kept in the Common Area without the prior consent of the Board. Nothing shall be done or kept in the Common Area which will increase the rate of insurance on the Common Area without the prior consent of the Board. No Owner shall permit anything to be physically done or kept in the Common Area or any other part of the Project which might result in the cancellation of insurance on any part of the Common Area, which would interfere with rights of other Owners, or which would be a nuisance, noxious, harmful or unreasonably offensive to other Owners. No waste shall be committed in the Common Area. The provisions of this Declaration concerning use, maintenance and management of the Common Area are subject to any rights or limitations established by any easements or other encumbrances which encumber the Common Area.

## **ARTICLE V IMPROVEMENTS**

**5.1 MAINTENANCE OF COMMON AREA AND IMPROVEMENTS:** The Association shall be responsible for the maintenance, repair, replacement, management, operation, painting and upkeep of Common Area, all Improvements situated in, upon or under the Common Area and any Improvements which a Declaration of Annexation provides are to be maintained by the Association. The Association shall keep the Common Area and Improvements in good condition and repair, provide for all necessary services and cause all acts to be done which may be necessary or proper to assure the maintenance of the Common Area and Improvements in first class condition.

### **5.2 ALTERATIONS TO COMMON AREA:**

**5.2.1 Approval:** Alterations to any Improvements situated in, upon or under the Common Area may be made only by the Association. A proposal for an Alteration to an Improvement may be made at any meeting. A proposal may be adopted by the Board, subject to the limitations contained in the Bylaws.

**5.2.2 Funding:** Expenditures for maintenance, repair or replacement of an existing capital Improvement for which reserves have been collected may be made from the Reserve Account. Subject to the limitations set forth in Section 6.5, the Board may levy a Special Assessment to fund any Alteration of an Improvement for which no reserve has been collected.

**5.3 MAINTENANCE OF LOTS AND RESIDENCES:** Except as otherwise specifically provided in this Declaration or a Declaration of Annexation, each Owner shall maintain and care for the Owner's Lot, including the Residence, and other Improvements located thereon, in a manner consistent with the standards established by the Project Documents and other well maintained residential areas in the vicinity of the Project and in compliance with the Architectural Design Review Guidelines.

**5.3.1 Driveways:** Each Owner shall maintain, repair and replace all portions of the driveway which provides access between the Owner's Residence and the street which provides access to that Lot.

**5.3.2 Mailboxes:** The Association shall maintain, repair and replace all mailboxes and the support structures for all mailboxes.

**5.3.3 Landscape Maintenance Areas:** The Association shall maintain all landscaping within Landscape Maintenance Areas. The Association shall also maintain, repair and replace the irrigation timer and controller boxes which control the irrigation for the Landscape Maintenance Areas.

**5.3.4 Water Lines:** Each Owner shall maintain, repair and replace all domestic water lines which connect the Owner's meter to the Owner's Residence. Irrigation lines for Landscape Maintenance Areas shall be maintained, repaired and replaced by the Association.

**5.3.5 Sanitary Sewer:** Each Owner shall maintain, repair and replace, whenever necessary, the entire length of the sanitary sewer lateral that connects the Owner's Residence to the main sanitary sewer collector line, at the sole cost and expense of the Owner of the Lot served by the sewer lateral.

**5.3.6 Storm Drainage:** Each Owner shall maintain, repair and replace the lines that convey drainage from the Owner's Lot to the storm drainage system. Each Owner shall clean all catch basins, gutters and down spouts within the Owner's Lot, so as to maintain their capacity and flow.

5.3.7 Public Utility Easements: Except as otherwise provided in this Article V, the Association shall maintain each Improvement within the Public Utility Easements shown on the Map if (a) the Improvement is not maintained by the public and (b) the Improvement serves more than one (1) Lot.

5.4 ALTERATIONS TO LOTS AND RESIDENCES: Alterations may be made to the interior of an Owner's Residence, if the Alterations do not impair the structural integrity of the Residence and if the Owner complies with all laws and ordinances regarding Alterations. Any proposals for Alterations on Lots or to the exteriors of Residences shall be made in accordance with the provisions of Article XI.

5.5 MAINTENANCE AND REPAIR OF FENCES:

5.5.1 Party Fences: The Owners of a Party Fence shall be responsible for maintaining, repairing and replacing it. The costs of such maintenance, repair and/or replacement shall be shared equally by the Owners; provided, however, that all costs of any maintenance, repair or replacement necessitated by the negligent or willful action of an Owner shall be borne by that Owner. In the absence of negligent or willful conduct, any necessary maintenance, repair or replacement performed by an Owner shall entitle that Owner to a right of contribution from the other Owners of the Party Fence. The right of contribution shall be appurtenant to the Lot and shall pass to the successor(s) in interest of the Owner entitled to contribution.

5.5.2 Fences Separating Common Area and Lots: Each fence which separates a Lot from Common Area shall be maintained, repaired and replaced by the Owner of the Lot except for the surface facing the Common Area which shall be maintained by the Association. Maintenance shall include refinishing the exterior surface of the fence if that surface was previously finished with paint or stain.

5.6 LANDSCAPING: All landscaping in the Project shall be maintained and cared for in a manner consistent with the standards of design and quality as originally established by Declarant and in a condition comparable to that of other well maintained residential areas in the vicinity of the Project. All landscaping shall be maintained in a neat and orderly condition. Any weeds or diseased or dead lawn, trees, ground cover or shrubbery shall be removed and replaced. All lawn areas shall be neatly mowed and trees and shrubs shall be neatly trimmed. Other specific restrictions on landscaping may be established in the Rules. Irrigation systems, if any, shall be fully maintained in good working condition to ensure continued regular watering of landscape areas, and health and vitality of landscape materials.

5.6.1 Common Area: The Association shall maintain all landscaping located on Common Area.

5.6.2 Landscape Maintenance Areas: The Association shall maintain all landscaping within Landscape Maintenance Areas.

5.6.3 Lots: Each Owner shall maintain all landscaping located within the Owner's Lot, excluding any Landscape Maintenance Area. If landscaping within enclosed portions of Lots is not installed by Declarant, each Owner shall install permanent landscaping within the enclosed portions of the Owner's Lot within twelve (12) months after the conveyance of the Lot to the Owner other than a Builder.

5.6.4 Public Right-of-Way: The Association shall maintain all landscaping located within any public right-of way which adjoins Common Area or any Lot.

5.7 RIGHT OF MAINTENANCE AND ENTRY BY ASSOCIATION: If an Owner fails to perform maintenance and/or repair which that Owner is obligated to perform pursuant to this Declaration, and if the Association determines, after Notice and Hearing given pursuant to the provisions of the Bylaws, that such maintenance and/or repair is necessary to preserve the attractiveness, quality, nature and/or value of the Project, the Association may cause such maintenance and/or repair to be performed. The costs of such maintenance and/or repair shall be charged to the Owner of the Lot as a Reimbursement Assessment. In order to effectuate the provisions of this Declaration, the Association may enter any Lot whenever entry is necessary in connection with the performance of any maintenance or construction which the Association

is authorized to undertake. Entry within a Lot shall be made with as little inconvenience to an Owner as practicable and only after reasonable advance written notice of not less than forty-eight (48) hours, except in emergency situations.

**5.8 DAMAGE AND DESTRUCTION:** The term "restore" shall mean repairing, rebuilding or reconstructing a damaged Common Area Improvement to substantially the same condition and appearance in which it existed prior to fire or other casualty damage. If fire or other casualty damage extends to any Common Area which is so insured, the Association shall proceed with the filing and adjustment of all claims arising under the existing insurance policies. The insurance proceeds shall be paid to and held by the Association.

**5.8.1 Bids:** Whenever restoration is to be performed pursuant to this Section, the Board shall obtain such bids from responsible licensed contractors to restore the damaged Common Area as the Board deems reasonable; and the Board, on behalf of the Association, shall contract with the contractor whose bid the Board deems to be the most reasonable.

**5.8.2 Sufficient Proceeds:** The costs of restoration of the damaged Common Area shall be funded pursuant to the provisions and in the priority established by this Section 5.8.2. A lower priority procedure shall be utilized only if the aggregate amount of funds then available pursuant to the procedures of higher priority are insufficient to restore the damaged Common Area. The following funds and procedures shall be utilized:

1. The first priority shall be any insurance proceeds paid to the Association under existing insurance policies.
2. The second priority shall be all Reserve Account funds designated for the repair or replacement of the capital improvement(s) which has been damaged.
3. The third priority shall be funds raised by a Special Assessment against all Owners levied by the Board up to the maximum amount permitted without the approval of the Members in accordance with the limitations set forth in Section 6.5.
4. The fourth priority shall be any funds raised by a Special Assessment against Owners levied by the Board pursuant to a vote of the Members pursuant to Section 5.8.3.

**5.8.3 Additional Special Assessment:** If the total funds available to restore the damaged Common Area pursuant to the first three priorities described in Section 5.8.2 is insufficient to restore the damaged Common Area, then a special meeting of the Members shall be called for the purpose of voting whether to impose an additional Special Assessment and deciding upon the amount thereof. The Board shall then contract for the restoration of the damaged Common Area as described above, making use of whatever funds are then available to it.

**5.9 DAMAGE OR DESTRUCTION TO RESIDENCES AND/OR LOTS:** If all or any portion of a Lot or Residence is damaged by fire or other casualty, the Owner shall either (i) restore the damaged Improvements or (ii) remove all damaged Improvements, including foundations, and leave the Lot in a clean and safe condition. Any restoration under (i) preceding must be performed so that the Improvements are in substantially the same condition in which they existed prior to the damage, unless the provisions of Article XI are complied with by the Owner. Unless extended by the Board, the Owner must commence such work within one hundred twenty (120) days after the damage occurs and must complete the work within one (1) year thereafter.

**5.10 CONDEMNATION OF COMMON AREA:** If all or any portion of the Common Area is taken for any public or quasi-public use under any statute, by right of eminent domain or by purchase in lieu of eminent domain, the entire award shall be deposited into the Current Operation Account until distributed. The Association shall distribute such funds equally to all Owners and shall represent the interests of all Owners.

## **ARTICLE VI FUNDS AND ASSESSMENTS**

6.1 **COVENANTS TO PAY:** Declarant and each Owner covenant and agree to pay to the Association the assessments and any Additional Charges levied pursuant to this Article VI.

6.1.1 **Liability for Payment:** The obligation to pay assessments shall run with the land so that each successive record Owner of a Lot shall in turn become liable to pay all such assessments. No Owner may waive or otherwise escape personal liability for assessments or release the Owner's Lot from the liens and charges hereof by non-use of the Common Area, abandonment of the Lot or any other attempt to renounce rights in the Common Area or the facilities or services within the Project. Each assessment shall constitute a separate assessment and shall also be a separate, distinct and personal obligation of the Owner of the Lot at the time when the assessment was levied and shall bind the Owner's heirs, devisees, personal representatives and assigns. Any assessment not paid when due is delinquent. The personal obligation of an Owner for delinquent assessments shall not pass to a successive Owner unless the personal obligation is expressly assumed by the successive Owner. No such assumption of personal liability by a successor Owner (including a contract purchaser under an installment land contract) shall relieve any Owner from personal liability for delinquent assessments. After an Owner transfers fee title of record to a Lot, the Owner shall not be liable for any charge thereafter levied against that Lot.

6.1.2 **Funds Held in Trust:** The assessments collected by the Association shall be held by the Association for and on behalf of each Owner and shall be used solely for the operation, care and maintenance of the Project as provided in this Declaration.

6.1.3 **Offsets:** No offsets against any assessment shall be permitted for any reason, including, without limitation, any claim that the Association is not properly discharging its duties.

### **6.2 REGULAR ASSESSMENTS:**

6.2.1 **Payment of Regular Assessments:** Regular Assessments for each fiscal year shall be established when the Board approves the Budget for that fiscal year. Regular Assessments shall be levied on a fiscal year basis; however, each Owner shall be entitled to pay the Regular Assessment in twelve (12) equal monthly installments, one installment payable on the first day of each calendar month during the fiscal year, as long as the Owner is not delinquent in the payment of any monthly installment. If an Owner fails to pay any monthly installment by the sixtieth (60<sup>th</sup>) day after the date the installment was due, the Board may terminate that Owner's right to pay the Regular Assessment in monthly installments and declare the then unpaid balance of the Regular Assessment for that year immediately due and payable. Regular Assessments shall commence for all Lots in each Phase on the first day of the first month following the month in which the first Lot in that Phase is conveyed to an Owner other than a Declarant or a Builder and may commence prior to that date at the option of Declarant.

6.2.2 **Allocation of Regular Assessments:** The total amount of the Association's anticipated revenue attributable to Regular Assessments as reflected in the Budget for that fiscal year shall be allocated among the Lots as provided in this Section. After annexation of each Phase, the allocation and assessment of the charges in the Budget shall be reallocated among the Lots in the Project, including those in the annexed Additional Property, as provided in this Section.

(a) A Lot Costs, as defined in Section 6.7.1(a), shall be allocated entirely to and equally against all A Lots.

(b) B Lot Costs, as defined in Section 6.7.1(b), shall be allocated entirely to and equally against all B Lots.

(c) C Lot Costs, as defined in Section 6.7.1(c), shall be allocated entirely to and equally against all C Lots.

(d) All other costs in the Budget, including Project Costs, as defined in Section 6.7.1(d), but excluding A Lot Costs, B Lot Costs and C Lot Costs shall be allocated equally against all Lots then in the Project.

For the first fiscal year, the Budget shall be substantially based upon the operating budget accepted by the Department of Real Estate of the State of California. After a new Phase has been annexed, the Board shall approve a Budget, which is substantially based upon the operating Budget accepted by the Department of Real Estate of the State of California in connection with the Public Report for that Phase, for the remainder of the current fiscal year for use upon the commencement of Regular Assessments against Lots in the new Phase.

**6.2.3 Exemptions from Regular Assessment:** Notwithstanding the provisions of Section 6.2, the Board shall exempt each Owner of a Lot which satisfies paragraph (a), below, and may exempt all Owners if paragraph (b), below, is satisfied, from the payment of a portion of the Regular Assessment levied against that Lot as described in those paragraphs.

(a) **Lots:** An Owner of a Lot is exempt from payment of that portion of the Regular Assessment which is allocated for defraying operating expenses and reserves directly attributable to landscaping situated on Lots for which the Association is responsible until any such landscaping which is to be installed on the Owner's Lot is installed and no one other than the Association has any obligation to maintain, repair or replace the landscaping.

(b) **Other Common Area:** Each Owner may be exempted from payment of that portion of the Regular Assessment which is allocated for defraying operating expenses and reserves directly attributable to the existence and use of a common facility (including landscaping) that is not complete at the time Regular Assessments commence until the first to occur of the following events: (i) a notice of completion of the common facility is recorded; (ii) the common facility has been placed into use; or (iii) in the case of landscaping, the landscaping is installed and no one other than the Association has any obligation to maintain, repair or replace the landscaping.

**6.2.4 Non-Waiver of Assessments:** If before the expiration of any fiscal year the Association fails to fix Regular Assessments for the next fiscal year, the Regular Assessment established for the preceding year shall continue until a new Regular Assessment is fixed.

**6.3 SPECIAL ASSESSMENTS:** Subject to the limitations set forth in Section 6.5, Special Assessments may be levied in addition to Regular Assessments for (i) constructing capital improvements, (ii) correcting an inadequacy in the Current Operation Account, (iii) defraying, in whole or in part, the cost of any construction, reconstruction, unexpected repair or replacement of improvements in the Common Area, or (iv) paying for such other matters as the Board may deem appropriate for the Project. Special Assessments shall be levied in the same manner as Regular Assessments.

**6.4 REIMBURSEMENT ASSESSMENTS:** The Association shall levy a Reimbursement Assessment against an Owner to (a) reimburse the Association for the costs of repairing damage caused by that Owner or that Owner's invitee or (b) if a failure to comply with the Project Documents has (i) necessitated an expenditure of monies, including attorneys' fees, by the Association to bring the Owner or the Owner's Lot or improvements into compliance or (ii) resulted in the imposition of a fine or penalty. A Reimbursement Assessment shall be due and payable to the Association when levied. A Reimbursement Assessment shall not be levied by the Association until Notice and Hearing has been given in accordance with the Bylaws. Reimbursement Assessments described in clause (a) may be enforced by lien after Declarant no longer owns any portion of the Project or the Additional Property. Reimbursement Assessments described in clause (b) may not be enforced by lien.

**6.5 LIMITATIONS ON ASSESSMENTS:** All Regular and Special Assessments levied by the Board must comply with the provisions of Section 1366 of the California Civil Code, including the written ballot limitations and special voting and quorum requirements.

**6.6 ACCOUNTS:**

**6.6.1 Types of Accounts:** Assessments collected by the Association shall be deposited into at least two (2) separate accounts with a responsible financial institution, which accounts shall be clearly designated as (i) the Current Operation Account and (ii) the Reserve Account. The Board shall deposit those portions of the assessments collected for current maintenance and operation into the Current Operation Account and shall deposit those portions of the assessments collected as reserves for replacement and deferred maintenance of major components which the Association is obligated to repair, restore, replace or maintain into the Reserve Account.

**6.6.2 Reserve Account:** Withdrawal of funds from the Reserve Account shall require the signatures of either two (2) Directors or one (1) Director and one (1) officer of the Association who is not a Director. The Association may expend funds from the Reserve Account only for the purposes set forth in Section 1365.5 of the California Civil Code.

**6.6.3 Current Operation Account:** All other costs properly payable by the Association shall be paid from the Current Operation Account.

**6.7 BUDGET, FINANCIAL STATEMENTS, REPORTS AND STUDIES:**

**6.7.1 Preparation and Distribution of Budget:** The Board shall annually prepare, adopt and distribute a Budget in accordance with the requirements of Section 1365 of the California Civil Code. A summary of the Budget may be distributed in lieu of the entire Budget if the requirements set forth in Section 1365 of the California Civil Code are satisfied. The Budget shall separately identify Project Costs, A Lot Costs, B Lot Costs, and C Lot Costs so that those costs can be allocated as provided in Section 6.2.2, above. For the first fiscal year, the Budget shall be substantially based upon the operating budget accepted by the Department of Real Estate of the State of California.

(a) **A Lot Costs:** A Lot Costs shall include all costs and reserves necessary and appropriate to enable the Association to fulfill its responsibilities for operating, maintaining, repairing and replacing the Landscape Maintenance Areas located on A Lots, as required by this Declaration.

(b) **B Lot Costs:** B Lot Costs shall include all costs and reserves necessary and appropriate to enable the Association to fulfill its responsibilities for operating, maintaining, repairing and replacing the Landscape Maintenance Areas located on B Lots, as required by this Declaration.

(c) **C Lot Costs:** C Lot Costs shall include all costs and reserves necessary and appropriate to enable the Association to fulfill its responsibilities for maintenance, repair and replacement of the Landscape Maintenance Areas on C Lots as required by this Declaration.

(d) **Project Costs:** Project Costs shall include all other costs in the Budget which are not identified as A Lot Costs, B Lot Costs, or C Lot Costs.

**6.7.2 Annual Report:** The Board shall annually prepare and distribute an annual report in accordance with the requirements of Section 1365 of the California Civil Code.

**6.7.3 Quarterly Reconciliation:** If then required by Section 1365 of the California Civil Code, at least quarterly, the Board shall: (i) cause a current reconciliation of the Association's Operating Account(s) to be made and review the same; (ii) cause a current reconciliation of the Association's Reserve Account to be made and review the same; (iii) review the current year's actual reserve revenues and expenses compared to the current year's Budget; (iv) review the most current account statements prepared by the financial institution where the Association has its Operation and Reserve Accounts; and (v) review an income and expense statement for the Association's Operation and Reserve Accounts.

6.7.4 **Reserve Account Study:** The Board shall (i) cause a study of the Reserve Account to be conducted, (ii) review the study annually and (iii) consider and implement necessary adjustments to the Board's analysis of the Reserve Account requirements as a result of that review in compliance with the provisions of Section 1365.5 of the California Civil Code.

6.7.5 **Notice of Increased Assessments:** The Board shall provide notice by first-class mail to the Owners of any increase in Regular Assessments or the levy of any Special Assessments in accordance with the provisions of Section 1366 of the California Civil Code.

6.7.6 **Statement of Outstanding Charges:** Within ten (10) days of a written request by an Owner, the Association shall provide to the Owner a written statement which sets forth the amounts of delinquent assessments, penalties, attorneys' fees and other charges against that Owner's Lot. A charge for the statement may be made by the Association, not to exceed the reasonable costs of preparation and reproduction of the statement.

6.7.7 **Schedule of Monetary Penalties:** If the Board adopts a policy imposing any monetary penalty on or charging any fee to any Owner for a violation of the Project Documents by that Owner or that Owner's Invitee, the Board shall adopt a schedule of the monetary penalties that may be assessed for those violations. The penalties must be consistent with the Project Documents. A copy of the schedule shall be personally delivered or mailed by first-class mail, postage prepaid, to each Owner by the Board. Each time the schedule is modified, the Board shall again deliver a copy to each Owner, either personally or by first-class mail, postage prepaid.

6.8 **ENFORCEMENT OF ASSESSMENTS:** If then required by Section 1365 of the California Civil Code, the Board shall distribute a statement of the Association's policies and practices in enforcing its remedies against Owners for defaults in the payment of Regular and Special Assessments, including the recording and foreclosing of liens against Owners' Lots.

6.8.1 **Procedures:** In addition to all other remedies provided by law, the Association, or its authorized representative, may enforce the obligations of the Owners to pay each assessment provided for in this Declaration in any manner provided by law or by either or both of the following procedures:

(a) **By Suit:** The Association may commence and maintain a suit at law against any Owner personally obligated to pay a delinquent assessment. The suit shall be maintained in the name of the Association. Any judgment rendered in any action shall include the amount of the delinquency, and such additional costs, fees, charges and expenditures ("Additional Charges") and any other amounts as the court may award. A proceeding to recover a judgment for unpaid assessments may be maintained without the necessity of foreclosing or waiving the lien established herein.

(b) **By Lien:** The Association or a trustee nominated by the Association may commence and maintain proceedings to establish and/or foreclose assessment liens. No action shall be brought to foreclose a lien until the lien is created by recording a Notice of Delinquent Assessment ("Notice"). Prior to recording a Notice, the Association shall: (i) notify the affected Owner in writing by certified mail of the fee and penalty procedures of the Association; (ii) provide an itemized statement of the charges owed by the Owner, including items on the statement which indicate the principal owed, any late charges, the method of calculation, and attorney's fees; and (iii) describe the collection practices used by the Association, including the right of the Association to recover reasonable costs of collection. The Notice must be authorized by the Board, signed by an authorized agent and recorded in the Official Records of the County. The Notice shall state the amount of the delinquent assessment(s), the Additional Charges incurred to date, a legal description of the Lot, the name(s) of the record Owner(s) thereof and the name and address of the trustee, if any, authorized by the Association to enforce the lien by sale and shall be signed by the person authorized to do so by the Board, or if no one is specifically designated, by the President or Chief Financial Officer. No later than ten (10) days after recordation of the Notice, copies of the Notice shall be mailed to all record owners of the Lot in the manner set forth in Section 2924b of the California Civil Code. After the expiration of thirty (30) days following the recording of a Notice, the lien may be foreclosed as provided in Section 1367 of the Civil Code of the State of California.

**6.8.2 Additional Charges:** In addition to any other amounts due or any other relief or remedy obtained against an Owner who is delinquent in the payment of any assessments, each Owner agrees to pay such Additional Charges as the Association may incur or levy in the process of collecting from that Owner monies due and delinquent. All Additional Charges shall be included in any judgment in any suit or action brought to enforce collection of delinquent assessments or may be levied against a Lot as a Reimbursement Assessment. Additional Charges shall include, but not be limited to, the following:

(a) **Attorneys' Fees:** Reasonable attorneys' fees and costs incurred in the event an attorney(s) is employed to collect any assessment or sum due, whether by suit or otherwise;

(b) **Late Charges:** A late charge in an amount to be fixed by the Board in accordance with the then current laws of the State of California to compensate the Association for additional collection costs incurred in the event any assessment or other sum is not paid when due or within any "grace" period established by law;

(c) **Costs of Suit:** Costs of suit and court costs incurred as are allowed by the court;

(d) **Interest:** Interest on the delinquent assessment and Additional Charges at a rate fixed by the Board in accordance with the then current laws of the State of California; and

(e) **Other:** Any such other additional costs that the Association may incur in the process of collecting delinquent assessments or sums.

**6.8.3 Satisfaction of Lien:** All amounts paid by an Owner toward a delinquent assessment shall be credited first to reduce the principal amount of the debt. Upon payment or other satisfaction of a delinquent assessment for which a Notice was recorded, the Association shall record a certificate stating the satisfaction and release of the assessment lien.

**6.8.4 Lien Eliminated By Foreclosure:** If the Association has recorded a Notice of Delinquent Assessment and the lien is eliminated as a result of a foreclosure of a Mortgage or a transfer pursuant to the remedies provided in the Mortgage, the new Owner of the Lot shall pay to the Association a pro-rata share of the Regular Assessment for each month remaining in the Association's fiscal year after the date of the foreclosure or transfer pursuant to the remedies provided in the Mortgage.

**6.8.5 Waiver of Homestead Protections:** Each Owner, does hereby waive, to the extent permitted by law, the protections of any declared homestead or homestead exemption or redemption laws under the laws of California as applied to any action to enforce or collect assessments levied by the Association.

**6.9 SUBORDINATION OF LIEN:** Notwithstanding any provision to the contrary, the liens for assessments created pursuant to this Declaration shall be subject and subordinate to and shall not affect the rights of the holder of a First Mortgage made in good faith and for value. Upon the foreclosure of any First Mortgage on a Lot, any lien for assessments which became due prior to such foreclosure shall be extinguished; provided, however, that after such foreclosure there shall be a lien on the interest of the purchaser at the foreclosure sale to secure all assessments, whether Regular or Special, charged to such Lot after the date of such foreclosure sale, which lien shall have the same effect and shall be enforced in the same manner as provided herein. For purposes of this Section, a Mortgage may be given in good faith or for value even though the Mortgagee has constructive or actual knowledge of the assessment lien provisions of this Declaration.

**ARTICLE VII**  
**MEMBERSHIP IN AND DUTIES OF THE ASSOCIATION**

7.1 **THE ORGANIZATION:** The Association is a nonprofit mutual benefit corporation. Its affairs shall be governed by and it shall have the powers set forth in the Project Documents.

7.2 **MEMBERSHIP:** Each Owner (including Declarant for so long as Declarant is an Owner), by virtue of being an Owner, shall be a Member of the Association. No other person shall be accepted as a Member.

7.2.1 **Appurtenant to Ownership:** Association membership is appurtenant to and may not be separated from the ownership of a Lot. Membership shall terminate upon termination of Lot ownership. Ownership of a Lot shall be the sole qualification for Association membership. Membership shall not be transferred, pledged or alienated in any way except upon transfer of title to the Owner's Lot (and then only to the transferee of title to such Lot). Any attempt to make a prohibited transfer is void. Membership shall not be related to the use or non-use of the Common Area and may not be renounced. The rights, duties, privileges and obligations of all Members shall be as provided in the Project Documents.

7.2.2 **Annexation:** Upon the commencement of Regular Assessments in a subsequent Phase, the Owners of the Lots described in the Declaration of Annexation for that Phase shall become Members.

7.3 **VOTING:** Any action required by law or by the Project Documents to be approved by the Owners, the Members or each class of Members shall be approved, if at all, in accordance with the procedures set forth in the Bylaws.

7.4 **RULES:** The Board may propose, adopt, amend and repeal Rules appropriate for the management of the Project, which are consistent with the Project Documents. The Rules may also establish architectural controls and may govern the use of the Common Area by Owners or their Invitees. After adoption, a copy of the Rules shall be furnished to each Owner. Owners shall be responsible for distributing the Rules to their tenants.

7.5 **TRANSFERS OF COMMON AREA:** Subject to any applicable provision in the Bylaws, the Board shall have the power and right in the name of the Association and all of the Owners as their attorneys-in-fact to grant, convey, dedicate, mortgage, or otherwise transfer to any Owner or other person or entity, fee title, easements, exclusive use easements, security rights or other rights or licenses in, on, over or under the Common Area that, in the sole discretion of the Board, are in the best interests of the Association and its Members; provided however, any dedication, conveyance or mortgage made while there are two (2) classes of membership requires the prior approval of the Federal Housing Administration, if it is a First Mortgagee and the Department of Veteran's Affairs, if it is a First Mortgagee. Notwithstanding anything herein to the contrary, in no event shall the Board take any action authorized hereunder that would permanently and unreasonably interfere with the use, occupancy and enjoyment by any Owner of that Owner's Lot without the prior written consent of that Owner.

7.6 **INSURANCE:** The Board shall make every reasonable effort to obtain and maintain the insurance policies as provided in this Section. If the Board is unable to purchase a policy or if the Board believes that the cost of the policy is unreasonable, the Board shall call a special meeting of Members to determine what action to take. The Board shall comply with any resolution concerning insurance coverage adopted at such a meeting.

7.6.1 **General Provisions and Limitations:** All insurance policies shall be subject to and, where applicable, shall contain the following provisions and limitations:

(a) Underwriter: All policies (except earthquake insurance) shall be written with a company legally qualified to do business in the State of California and (i) holding a "B" or better general policyholder's rating and a "6" or better financial performance index rating as established by Best's Insurance Reports, (ii) reinsured by a company described in (i), above, or (iii) if such a company is not available, the best rating possible or its equivalent.

(b) Named Insured: Unless otherwise provided in this Section, the named insured shall be the Association or its authorized representative, as a trustee for the Owners. However, all policies shall be for the benefit of Owners and their Mortgagees, as their interests may appear.

(c) Authority to Negotiate: Exclusive authority to adjust losses under policies obtained by the Association shall be vested in the Board; provided, however, that no Mortgagees having an interest in such losses may be prohibited from participating in any settlement negotiations related thereto.

(d) Contribution: In no event shall the insurance coverage obtained and maintained by the Association be brought into contribution with insurance purchased by Owners or their Mortgagees.

(e) General Provisions: To the extent possible, the Board shall make every reasonable effort to secure insurance policies providing for the following:

(i) A waiver of subrogation by the insurer as to any claims against the Board, the manager, the Owners and their respective servants, agents and guests;

(ii) That the policy will be primary, even if an Owner has other insurance which covers the same loss;

(iii) That no policy may be canceled or substantially modified without at least ten (10) days' prior written notice to the Association and to each First Mortgagee listed as a scheduled holder;

(iv) An agreed amount endorsement, if the policy contains a coinsurance clause;

(v) A guaranteed replacement cost or replacement cost endorsement; and

(vi) An inflation guard endorsement.

(f) Term: The period of each policy shall not exceed three (3) years. Any policy for a term greater than one (1) year must permit short rate cancellation by the insureds.

(g) Deductible: The policy may contain a reasonable deductible and the amount of the deductible shall be added to the face amount of the policy in determining whether the insurance equals replacement cost.

7.6.2 Types of Coverage: Unless the Association determines otherwise pursuant to Section 7.6, the Board shall obtain at least the following insurance policies in the amounts specified:

(a) Property Insurance: A Special Form or "All-Risk" policy of property insurance for all insurable Common Area Improvements, including fixtures and building service equipment, against loss or damage by fire or other casualty, in an amount equal to the full replacement cost (without respect to depreciation) of the Common Area, and exclusive of land, foundations, excavation and other items normally excluded from coverage. A replacement cost endorsement shall be part of the policy.

(b) Liability Insurance: A combined single limit policy of liability insurance in an amount not less than Three Million Dollars (\$3,000,000.00) covering the Common Area and all damage or injury caused by the negligence of the Association, the Board or any of its agents or the Owners against any liability to the public or to any Owner incident to the use of or resulting from any accident or intentional or unintentional act of an Owner or a third party occurring in or about any Common Area. If available, each policy shall contain a cross liability endorsement in which the rights of the named insured shall not be prejudiced with respect to any action by one named insured against another named insured.

(c) Worker's Compensation: Worker's compensation insurance to the extent necessary to comply with all applicable laws of the State of California or the regulations of any governmental body or authority having jurisdiction over the Project.

(d) Fidelity Bond: A fidelity bond naming the Board, the Owners, the Association and such other persons as the Board may designate as obligees, in an amount equal to at least one-fourth (1/4) of the total sum budgeted for the Current Operation Account and Reserve Account for the current fiscal year. The fidelity bond shall contain a waiver of any defense based on the exclusion of persons serving without compensation.

(e) Directors and Officers: Errors and omissions insurance covering individual liability of Directors and officers for their negligent acts or omissions while acting in their capacities as Directors and officers in an amount equal to at least the minimum amount specified in Section 1365.7(a)(4) of the California Civil Code.

(f) Other Insurance: Other types of insurance as the Board determines to be necessary to fully protect the interests of the Owners.

(g) Insurance by Owner: Each Owner, at that Owner's sole cost and expense, shall obtain insurance coverage which the Owner considers necessary or desirable to protect that Owner and that Owner's Lot, Residence and personal property; provided, however, that no Owner shall be entitled to maintain insurance coverage in a manner so as to decrease the amount which the Association, on behalf of all Owners and their Mortgagees, may realize under any insurance policy which the Association may have in effect at any time.

7.6.3 Annual Review: The Board shall review the adequacy of all insurance, including the amount of liability coverage and the amount of property damage coverage, at least once every year. At least once every three years, the review shall include a replacement cost appraisal of all insurable Common Area Improvements without respect to depreciation. The Board shall adjust the policies to provide the amounts and types of coverage and protection that are customarily carried by prudent owners of similar property in the area in which the Project is situated.

7.6.4 Annual Notice to Members: The Association shall provide a summary of the Association's property damage, general liability, earthquakes and flood insurance policies as required by Section 1365 of the California Civil Code.

## **ARTICLE VIII DEVELOPMENT RIGHTS**

**8.1 LIMITATIONS OF RESTRICTIONS:** Declarant is undertaking the work of developing Lots and other improvements within the Project. The completion of the development and the marketing, sale, lease, rental and/or other disposition of the Lots is essential to the establishment and welfare of the Subject Property and the Additional Property as a residential community. In order that the work may be completed and the Project be established as a fully occupied residential community as rapidly as possible, nothing in this Declaration shall be interpreted to deny Declarant or any Builder the rights set forth in this Article.

**8.2 RIGHTS OF ACCESS AND COMPLETION OF CONSTRUCTION:** Until three (3) years after all of the Additional Property has been annexed to the Project, Declarant, its contractors and subcontractors and any Builder and its contractors and subcontractors shall have the right to: (i) obtain reasonable access over and across the Common Area of the Project and/or do within any Lot owned or controlled by it whatever is reasonably necessary or advisable in connection with the completion of the Project; and (ii) erect, construct and maintain on the Common Area of the Project and/or within any Lot owned or controlled by it such structures as may be reasonably necessary for the conduct of its business to complete the work, establish the Project as a residential community and dispose of the Project in parcels by sale, lease, rental or otherwise. Each Owner acknowledges that: (a) the construction of the Project may occur over an extended period of time; (b) the Owner's quiet use and enjoyment of the Owner's Lot may be disturbed as a result of the noise, dust, vibrations and other nuisances associated with construction activities; and (c) the nuisances will continue until the completion of the construction of the entire Project.

**8.3 SIZE AND APPEARANCE OF PROJECT:** Declarant shall not be prevented from increasing or decreasing the number of Lots that may be annexed to the Project or from changing the exterior appearance of Residences or Common Area structures, the landscaping or any other matter directly or indirectly connected with the Project in any manner deemed desirable by Declarant, if Declarant obtains all governmental consents required by law.

**8.4 MARKETING RIGHTS:** Declarant and to the extent approved by Declarant, each Builder shall have the right to: (i) maintain model homes, signs, banners, flags, inflatable balloons, blimps, sales offices, leasing offices, rental offices, storage areas, parking lots and related facilities in any Lots owned or controlled by Declarant or a Builder or Common Area within the Project as are necessary or reasonable, in the opinion of Declarant, for the sale, lease, rental or other disposition of the Lots; (ii) make reasonable use of the Common Area and facilities for the sale, lease, rental or other disposition of Lots; (iii) use any Lots owned or controlled by Declarant or a Builder in accordance with any promotional programs established from time to time by Declarant; and (iv) conduct its business of disposing of Lots by sale, lease, rental or otherwise; provided, however, Declarant or Builder shall pay the Association reasonable rent for the use of any Common Area facilities, if Declarant's or Builder's use of those Common Area facilities materially interferes with the full use and enjoyment of the Common Area facilities by Owners.

**8.5 TITLE RIGHTS:** This Declaration shall not be construed to constitute a limitation on Declarant's title rights to the Additional Property prior to its annexation, nor shall it impose any obligation on Declarant or any other person or entity to improve, develop or annex any portion of the Additional Property. This Declaration shall not be construed to limit the right of Declarant at any time prior to such an annexation to establish additional licenses, easements, reservations, restrictions and rights-of-way for itself, utility companies or others as reasonably necessary for the proper development and disposition of property owned by Declarant.

**8.6 AMENDMENT:** The provisions of this Article may not be amended without the written consent of Declarant until three (3) years after all of the Additional Property has been annexed to the Project.

**ARTICLE IX  
RIGHTS OF MORTGAGEES**

9.1 **CONFLICT:** Notwithstanding any contrary provision contained elsewhere in the Project Documents, the provisions of this Article shall control with respect to the rights and obligations of Mortgagees specified herein.

9.2 **INSPECTION OF BOOKS AND RECORDS:** Upon request, any Owner or First Mortgagee shall be entitled to inspect and copy the books, records and financial statements of the Association, the Project Documents and any amendments thereto during normal business hours.

9.3 **FINANCIAL STATEMENTS FOR MORTGAGEES:** The Association, at its expense, shall prepare an audited financial statement for the immediately preceding fiscal year. The audited financial statement shall be available within one hundred twenty (120) days of the end of the Association's fiscal year. The Association shall provide a copy of the audited financial statement to any Mortgagee who makes a written request for it.

9.4 **MORTGAGE PROTECTION:** A breach of any of the conditions or the enforcement of any lien provisions contained in this Declaration shall not defeat or render invalid the lien of any First Mortgage made in good faith and for value as to any Lot in the Project; but all of the covenants, conditions and restrictions contained in this Declaration shall be binding upon and effective against any Owner of a Lot if the Lot is acquired by foreclosure, trustee's sale or otherwise.

## **ARTICLE X AMENDMENT AND ENFORCEMENT**

**10.1 AMENDMENTS:** Prior to the conveyance of the first Lot to an Owner other than a Declarant, any Project Document may be amended by Declarant alone. After the conveyance of the first Lot, the Project Documents may be amended by the approval of each class of Members; provided however, that (i) no provision of this Declaration which provides for a vote of more than fifty-one percent (51%) may be amended by a vote less than the percentage specified in the Section to be amended and (ii) any amendment made while there are two (2) classes of membership requires the prior approval of the Federal Housing Administration, if it is a First Mortgagee and/or the Department of Veteran's Affairs, if it is a First Mortgagee. Any amendment to this Declaration shall be effective upon the recordation in the Official Records of the County of an instrument executed by the President and Secretary of the Association which sets forth the terms of the amendment and a statement which certifies that the required percentage of Members have approved the amendment.

### **10.2 ENFORCEMENT:**

**10.2.1 Rights to Enforce:** Subject to the provisions of Section 10.6, Declarant, the Association and/or any Owner shall have the power to enforce the provisions of the Project Documents in any manner provided by law or in equity and in any manner provided in this Declaration. In addition to instituting appropriate legal action, the Association may temporarily suspend an Owner's use of the recreation facilities or voting rights and/or levy a fine against an Owner in a standard amount to be determined by the Board from time to time. No determination of whether a violation has occurred shall be made until Notice and Hearing has been provided to the Owner pursuant to the Bylaws. If legal action is instituted by the Association, any judgment rendered shall include all appropriate Additional Charges. Notwithstanding anything to the contrary contained in this Declaration, the Association shall not have the power to cause a forfeiture or abridgement of an Owner's right to the full use and enjoyment of the Owner's Lot and Residence, including access thereto over and across the Common Area, due to the Owner's failure to comply with the provisions of the Project Documents, unless the loss or forfeiture is the result of the judgment of a court, an arbitration decision, a foreclosure proceeding or a sale conducted pursuant to this Declaration. The provisions of this Declaration shall be equitable servitudes, enforceable by any Owner and/or the Association against the Association and/or any other Owner, tenant or occupant of the Project. Except as otherwise provided, Declarant, the Association or any Owner(s) shall have the right to enforce, in any manner permitted by law or in equity, any and all of the provisions of the Project Documents, including any decision made by the Association, upon the Owners, the Association or upon any property in the Project.

**10.2.2 Violation of Law:** The Association may treat any Owner's violation of any state, municipal or local law, ordinance or regulation, which creates a nuisance to the other Owners in the Project or to the Association, in the same manner as a violation of the Project Documents by making such violation subject to any or all of the enforcement procedures set forth in this Declaration, as long as the Association complies with the Notice and Hearing requirements.

**10.2.3 Remedies Cumulative:** Each remedy provided by this Declaration is cumulative and not exclusive.

**10.2.4 Nonwaiver:** The failure to enforce the provisions of any covenant, condition or restriction contained in this Declaration shall not constitute a waiver of any right to enforce any such provisions or any other provisions of this Declaration.

**10.3 NOTICES TO MEMBERS OF LEGAL PROCEEDINGS:** Prior to filing any civil action, including arbitration, against Declarant or other developer of the Project for alleged damage to (i) the Common Area, (ii) all or portions of the Lots which the Association is required to maintain, or (iii) the Lots which arises from or is integrally related to alleged damage to the Common Area or all or portions

of the Lots which the Association is required to maintain, the Board shall provide written notice to each Member specifying each of the following:

- (a) That a meeting will take place to discuss problems that may lead to the filing of a civil action;
- (b) The options, including civil actions, that are available to address the problems; and
- (c) The time and place of the meeting.

If the Association has reason to believe that the applicable statute of limitations will expire before the Association is able to give notice, hold the meeting and file the civil action, the Association may file the civil action first and then give the notice within thirty (30) days after filing of the action.

**10.4 DISPUTES BETWEEN THE ASSOCIATION AND DECLARANT:** Before the Association initiates arbitration with Declarant, in accordance with the provisions of Section 10.6, based upon a claim for defects in the design or construction of the Project, all of the following requirements shall be met, except as otherwise provided in this Section:

**10.4.1 Association's Notice:** The Association shall give written notice to Declarant ("Association's Notice") which shall include all of the following:

- (a) A preliminary list of defects;
- (b) A summary of the results of any survey or questionnaire distributed to Owners to determine the nature and extent of defects; and
- (c) A summary of the results of any testing conducted to determine the nature and extent of defects or the actual test results.

**10.4.2 Notice Tolls Limitations on Actions:** Upon delivery of the Association's Notice to Declarant, a period of time, not to exceed ninety (90) days unless the Association and Declarant agree to a longer period of time, shall commence during which the Association and Declarant shall attempt to settle the dispute or attempt to agree to submit it to alternative dispute resolution. Except as provided in this Section, and notwithstanding any other provision of law, the mailing of the Association's Notice shall toll all statutory and contractual limitations on actions against all parties who may be responsible for the damages claimed, whether named in the notice or not, including claims for indemnity applicable to the claim, for a period of one hundred fifty (150) days or a longer period agreed to in writing by the Association and Declarant. At any time, Declarant may give written notice to cancel the tolling of the statute of limitations provided in this Section. Upon delivery of this written cancellation notice, the Association shall be relieved of any further obligations to satisfy the requirements of this Section 10.4. The tolling of all applicable statutes of limitations shall cease sixty (60) days after the written notice of cancellation by Declarant is delivered to the Association.

**10.4.3 Meetings:** Within twenty-five (25) days after the delivery date of the Association's Notice, Declarant may request in writing to meet and confer with the Board and to inspect the Project and conduct testing, including testing that may cause physical damage to any property in the Project in order to evaluate the claim. If Declarant does not make a timely request to meet and confer with the Board or to conduct inspection and testing, the Association shall be relieved of any further obligations to satisfy the requirements of this Section 10.4. Unless Declarant and the Association agree otherwise, the meeting shall take place not later than ten (10) days from the date of Declarant's written request at a mutually agreeable time and place. The meeting shall be subject to the provisions of Civil Code Section 1363.05(b). The discussions at the meeting are privileged communications and are not admissible in evidence in any civil action, unless the Association and Declarant consent to their admission. The meeting shall be for the purpose of discussing all of the following:

- (a) The nature and extent of the claimed defects;

- (b) Proposed methods of repair to the extent there is sufficient information;
- (c) Proposals for submitting the dispute to alternative dispute resolution; and
- (d) Requests from Declarant to inspect the Project and conduct testing.

If Declarant makes a request in writing to meet and confer with the Board pursuant to this Section, Declarant shall deliver the Association's Notice to any insurer that has issued a policy to Declarant which imposes upon the insurer a duty to defend or indemnify Declarant for losses resulting from the defects identified in the Association's Notice. Upon receipt, the notice by Declarant shall impose upon the insurer any obligation which would be imposed under the terms of the policy if the insured had been served with a summons and complaint for damages. Declarant shall inform the Association when Declarant delivers the notice to each insurer pursuant to this subsection.

**10.4.4 Inspections and Testing:** If the Association conducted inspection and testing prior to the date it sent the Association's Notice, the Association shall make available for inspection and testing at least those areas inspected or tested by the Association at the earliest practicable date. The inspection and testing shall be completed within fifteen (15) days from the date the Association makes these areas available for inspection and testing, unless the Association and Declarant agree to a longer period. If Declarant does not timely complete the inspection and testing, the Association shall be relieved of any further obligation to satisfy the requirements of this Section 10.4. The manner in which the inspection and testing shall be conducted, and the extent of any inspection and testing to be conducted beyond that which was conducted by the Association prior to sending the Association's Notice, shall be determined by agreement of the Association and Declarant. Declarant shall pay all costs of inspection and testing that are requested by Declarant, restore the property to the condition which existed immediately prior to the testing and indemnify the Association and Owners for any damage resulting from the testing. Interior inspections of Residences shall be conducted in accordance with the Project Documents, unless otherwise agreed to by the affected Owner. The results of the inspection and testing shall not be inadmissible in evidence in any civil action solely because the inspection and testing was conducted pursuant to this subsection.

**10.4.5 Settlement Offer:** Within thirty (30) days of the completion of inspection and testing pursuant to Section 10.4.4 or, if no inspection and testing is conducted, within thirty (30) days of the meeting held pursuant to Section 10.4.3, Declarant shall submit all of the following to the Association:

- (a) A request to meet with the Board to discuss a written settlement offer;
- (b) A written settlement offer, which may include an offer to submit the dispute to alternative dispute resolution, and a concise explanation of the specific reasons for the terms of the offer;
- (c) A statement that Declarant has access to sufficient funds to satisfy the conditions of the settlement offer; and
- (d) A summary of the results of testing conducted for the purpose of determining the nature and extent of defects, if testing has been conducted; provided however, if the Association provided Declarant with actual test results in the Association's Notice, Declarant shall provide the Association with actual test results.

If Declarant does not timely submit the items required by this subsection, the Association shall be relieved of any further obligations to satisfy the requirements of this Section 10.4. No less than ten (10) days after Declarant submits the items required by this subsection, Declarant and the Board shall meet and confer about the settlement offer, including any offer to submit the dispute to alternative dispute resolution.

**10.4.6 Time Periods and Notices:** At any time after delivery of the Association's Notice, the Association and Declarant may agree in writing to modify or excuse any of the time periods or other obligations imposed by this Section 10.4. Except for the notice required pursuant to Section 10.4.7, all

notices, requests, statements or other communication required pursuant to this Section 10.4 shall be delivered by one of the following:

- (a) By first-class registered or certified mail, return receipt requested; or
- (b) In any manner in which it is permissible to serve a summons pursuant to Section 415.10 or 415.20 of the Code of Civil Procedure.

**10.4.7 Rejection of Settlement Offer:** If the Board rejects a settlement offer presented pursuant to Section 10.4.5, the Board shall hold a meeting open to each Member. The meeting shall be held no less than fifteen (15) days before the Association commences an action for damages against Declarant. No less than fifteen (15) days before the date of the meeting, a written notice shall be sent to each Member specifying all of the following:

- (a) That a meeting will take place to discuss problems that may lead to the filing of a civil action;
- (b) The time and place of the meeting;
- (c) The options, including the filing of a civil action, that are available to address the problems;
- (d) The complete text of any written settlement offer and a concise explanation of the specific reasons for the terms of the offer submitted to the Board by Declarant and of any offer by Declarant to submit the dispute to alternative dispute resolution; and
- (e) The preliminary list of defects contained in the Association's Notice and a list of any other documents with the Association's Notice with information as to where and when Members may inspect those documents.

Declarant shall pay all expenses attributable to sending the settlement offer and any offer for alternative dispute resolution to all Members and an amount not to exceed three dollars (\$3.00) per Member to defray the expenses of holding the meeting. The discussions at the meeting, the contents of the notice and the items required to be specified in the notice are privileged communications and are not admissible in evidence in any civil action, unless the Association consents to their admission.

**10.4.8 Association Relieved of Obligations:** If the Association is relieved of its obligations to satisfy the requirements of this Section 10.4 before all requirements have been satisfied, the Association may institute arbitration with Declarant in accordance with the provisions of Section 10.6 thirty (30) days after sending a written notice to each Member specifying all of the following:

- (a) The preliminary list of defects contained in the Association's Notice and a list of any other documents with the Association's Notice with information as to where and when Members may inspect those documents;
- (b) The intent of the Association is to initiate arbitration pursuant to the provisions of Section 10.6; and
- (c) A statement that if five percent (5%) of the Members request a special meeting of Members to discuss the matter within fifteen (15) days of the date the notice is mailed or delivered to the Members, a meeting of the Members shall be held.

**10.4.9 Failure to Comply:** The only method of seeking judicial relief for the failure of the Association to comply with this Section 10.4 shall be the assertion, as provided for in this subsection, of a procedural deficiency to an action for damages by the Association against Declarant after such an action has been filed. A verified application asserting such a procedural deficiency shall be filed with the court no later than ninety (90) days after the answer to the plaintiff's complaint has been served, unless the court finds that extraordinary conditions exist. Upon the verified application of the Association or Declarant

alleging substantial noncompliance with this Section 10.4, the court shall schedule a hearing within twenty-one (21) days of the application to determine whether the Association or Declarant has substantially complied with this Section. The issue may be determined upon affidavits or upon oral testimony, in the discretion of the court.

(a) If the court finds that the Association did not substantially comply with this Section, the court shall stay the action for up to ninety (90) days to allow the Association to establish substantial compliance. The court shall set a hearing within ninety (90) days to determine substantial compliance by the Association. At any time, the court may extend the period of the stay upon application of the Association if good cause is shown. If, within the time set by the court pursuant to this Section, the Association has not established that it has substantially complied with this Section, the court shall determine if, in the interest of justice, the action should be dismissed without prejudice or if another remedy should be fashioned. Under no circumstances shall the court dismiss the action with prejudice as a result of the Association's failure to substantially comply with this Section. In determining the appropriate remedy, the court shall consider the extent to which Declarant has complied with this Section. If the alleged noncompliance of either Declarant or the Association resulted from the unreasonable withholding of consent for inspection or testing by an Owner, it shall not be considered substantial noncompliance provided that the party alleged to be out of compliance did not encourage the withholding of consent.

(b) If the Court finds that Declarant did not pay (i) all of the costs of inspection and testing or (ii) its required share of the costs of holding the meeting and of all expenses attributable to sending the settlement offer, all as required above, the court shall order Declarant to pay any deficiencies within thirty (30) days, with interest, and any additional remedy which the court determines, in the interest of justice, should be fashioned.

**10.5 DISPUTES BETWEEN OWNERS AND DECLARANT:** Before any Owner initiates arbitration in accordance with the provisions of Section 10.6, the Owner and Declarant shall first attempt, in good faith, to resolve the dispute informally by negotiation. Either party may initiate negotiations by writing a letter to the other party describing the nature of the dispute and any proposals to resolve the dispute. The letter shall be sent by certified mail and shall be deemed received three (3) days after its deposit in the U.S. Mail. The recipient shall respond, within ten (10) days of receipt of the letter, either with a letter that addresses the dispute and its proposed resolution or by requesting a meeting of the parties. The meeting(s) shall be held at a mutually acceptable location. After at least one exchange of letters or at least one meeting of the parties, should either party honestly believe that the dispute cannot be resolved informally, then that party shall so notify the other party either personally at a meeting or in writing. At this point, either party may initiate arbitration as provided herein. Should either party refuse to participate in the negotiations, then upon expiration of the ten (10) day initial response time, the party who sent the initiating letter may commence arbitration proceedings in accordance with the provisions of Section 10.6.

If the dispute involves an alleged problem with materials, design or construction of any portion of the Project (except those subject to Section 10.4, above), then Declarant shall have the right to inspect the alleged problem before any such meeting or any written response is required from Declarant. If Declarant elects to attempt to cure the alleged problem, Claimant shall allow Declarant to perform whatever work is deemed necessary by Declarant during normal working hours. Declarant agrees to begin its curative work within thirty (30) days after the first meeting between the parties. If the dispute remains unresolved after the good faith attempt to negotiate has been concluded or if the curative action performed by Declarant is not undertaken as promised or does not resolve the alleged problem, then either party may initiate arbitration as provided herein in accordance with the provisions of Section 10.6.

**10.6 MANDATORY BINDING ARBITRATION:** Any disputes, claims, issues or controversies between any Owner and Declarant or between the Association and Declarant regarding any matters that arise out of or are in any way related to the Project, the relationship between Owner and Declarant or the relationship between the Association and Declarant, whether contractual or tort, including, but not limited to, the purchase, sale, condition, design, construction or materials used in construction of any portion of the Project or the agreement between Declarant and any Owner to purchase a Lot or any related agreement, including, but not limited to warranties, disclosures, or alleged construction defects (latent or patent),

(collectively "disputes") except as otherwise set forth herein, shall be resolved through the procedures established in this Declaration. The party who has a dispute with Declarant is referred to as the "Claimant" in this Section 10.6. If negotiations fail then all such disputes shall be resolved by neutral, binding arbitration and not by any court action except as provided for judicial review of arbitration proceedings by California law. Except as otherwise set forth herein, the arbitration proceedings shall be conducted by and in accordance with the rules of Judicial Arbitration and Mediation Services, Inc. (JAMS/Endispute) or any successor thereto and, except for procedural issues, the arbitration proceedings, the ultimate decisions of the arbitrator, and the arbitrator shall be subject to and bound by existing California case and statutory law including, but not limited, to applicable statutes of limitation such as California Code of Civil Procedure Sections 337, 337.15(a), 338(d), 340, and 340(3). Nothing herein shall toll, extend, shorten or otherwise affect any applicable statute of limitation. Should JAMS/Endispute cease to exist, as such, then all references herein to JAMS/Endispute shall be deemed to refer to its successor or, if none, to the American Arbitration Association (in which case its commercial arbitration rules shall be used).

**10.6.1 Selection and Timing:** The matter shall be heard by one (1) arbitrator. Within five (5) business days of receipt of a written request from one of the parties to arbitrate a claim, JAMS/Endispute shall provide a list of five (5) qualified names to both parties. The term "qualified" shall mean a retired judge (or if none are available then an attorney, licensed to practice in California) having at least fifteen (15) years of experience with a strong emphasis on the laws governing real estate matters, especially those dealing with residential real estate development and construction. Each side will strike one name (based on reasons listed in CCP Section 1297.121 or 1297.124 or for no reason at all) until one is left (which shall be the appointed arbitrator), unless the parties sooner agree. The parties shall have no more than three (3) business days for the striking of each name. The initiating party shall be the first party to strike a name and submit it to the other party.

**10.6.2 Discovery:** Except as limited herein, each party shall be entitled to discovery to the extent provided in Section 1283.05 of the Code of Civil Procedure or any successor statute thereto. Each party shall have the right to depose the expert witnesses of the other party and to conduct two other depositions of its choice without the need to obtain an order of the arbitrator. All other depositions, document requests, requests for admissions and similar discovery shall be conducted under the direction and supervision of the arbitrator. No party shall be entitled to bring any motion to exclude or limit the evidence to be submitted to the arbitrator. No party shall have any other discovery rights except as authorized by the arbitrator for good cause.

**10.6.3 Full Disclosure:** Both parties shall, in good faith, make a full disclosure of all issues and evidence to the other party prior to the hearing. Any evidence or information that the arbitrator determines was unreasonably withheld shall be inadmissible by the party which withheld it. The initiating party shall be the first to disclose all of the following, in writing, to the other party and to the arbitrator: an outline of the issues and its position on each such issue; a list of all witnesses it intends to call; and copies of all written reports and other documentary evidence whether or not written or contributed to by its retained experts (collectively "outline"). The initiating party shall submit its outline to the other party and the arbitrator within thirty (30) days of the final selection of the arbitrator. The responding party shall submit its written response as directed by the arbitrator. If the dispute involves alleged construction defects, then the Claimant shall be the first party to submit its written outline, list of witness, and reports/documents and shall include a detailed description of the nature and scope of the alleged defect(s), its proposal for repair or restoration any repairs made to date and an estimate of the cost of repair/restoration together with the calculations used to derive the estimate.

**10.6.4 Hearing:** The hearing shall be held in the County. The hearing shall commence within ninety (90) days of the receipt by the parties of the list of names of proposed arbitrators from JAMS/Endispute unless this date is determined to be infeasible by the arbitrator in which case the arbitrator shall select the next available date for the hearing. The arbitration shall be conducted as informally as possible. Neither the rules of admissibility of evidence nor the Evidence Code of the State of California shall be applicable except for Evidence Code Section 1152 et seq. which shall be applicable for the purpose of excluding from evidence offers, compromises, and settlement proposals, unless both parties consent to

their admission. The arbitrator shall be the sole judge of the admissibility of and the probative value of all evidence offered and is authorized to provide all legally recognized remedies whether in law or equity. Attorneys are not required and either party may elect to be represented by someone other than a licensed attorney. Cost of an interpreter shall be born by the party requiring the services of the interpreter in order to be understood by the arbitrator. Except as set forth herein, the arbitration shall be conducted pursuant to Title 9 of the California Code of Civil Procedure, Section 1280 et seq.

**10.6.5 Decision:** The decision of the arbitrator shall be binding on the parties and may be entered as a judgment in any court of the State of California that has jurisdiction and venue. In no event shall the award of the arbitrator include any component for punitive or exemplary damages. The arbitrator shall cause a complete record of all proceedings to be prepared similar to those kept in the Superior Court; shall try all issues of both fact and law; and shall issue a written statement of decision, such as that described in Code of Civil Procedure Section 643 (or its successor) which shall specify the facts and law relied upon in reaching his/her decision within twenty (20) days after the close of testimony.

**10.6.6 Fees and Costs:** Declarant shall advance any fee required by JAMS/Endispute to initiate the arbitration proceedings. Notwithstanding any statute to the contrary, including Code of Civil Procedure Section 645.1, each party shall bear their own costs of the hearing, including attorneys' fees. No attorneys fees or costs shall be awarded to either party but each party shall be solely responsible for its own attorneys' fees and costs, including, expert witnesses, consultants, reports, and similar costs. The total cost of the arbitration proceedings, including the advanced initiation fees and other fees of JAMS/Endispute and any related costs and fees incurred by JAMS/Endispute (such as experts and consultants retained by it) shall be borne as determined by the arbitrator, regardless of the outcome.

**10.6.7 Judicial Reference Alternative:** To the extent that either party may be otherwise entitled to bring an action at law pursuant to California Code of Civil Procedure Section 1298.7, or if a court of competent jurisdiction determine that the dispute resolution set forth herein is void or unenforceable, the entire matter shall proceed as one of judicial reference pursuant to Code of Civil Procedure Section 638 et seq. The rules of procedure set forth herein shall be the rules of procedure for the reference proceeding, unless precluded by law. JAMS/Endispute shall hear, try and decide all issues of both fact and law and make any required findings of facts and, if applicable, conclusions of law and report these along with the judgment to the supervising court within twenty (20) days after the close of testimony.

The parties shall cooperate and diligently perform such acts as may be necessary to carry out the purposes of this Section.

## **ARTICLE XI**

Persons appointed to the Architectural Design Committee by the Class C Member need not be Members of the Association. All members shall serve until the expiration of the term for which they were appointed, if specified by the Board, or until they resign or are replaced.

**11.2.1 Appointment By Class C Member:** Notwithstanding the power of the Board to appoint committees, the Class C Member is hereby granted the right to appoint an Architectural Design Committee in accordance with the provisions of this Section. The Class C Member may appoint a majority of the members of the Architectural Design Committee and their replacements until the conveyance of the 1155<sup>th</sup> Lot to a Class A Owner Member or the fifth (5th) anniversary following the most recent conveyance to a Class A Owner Member of the first Lot in any Phase, whichever occurs first. Upon the conveyance of one hundred percent (100%) of all Lots, the term of any remaining members appointed by the Class C Member shall terminate and replacement members shall be appointed by the Board. The provisions of this Section may not be amended or terminated without the consent of the Class C Member.

**11.2.2 Appointment By Board:** When there is no longer any Member appointed by Declarant on the Architectural Design Committee, the Board shall appoint all of the members of the Architectural Design Committee or dissolve the Architectural Design Committee and undertake the Architectural Design Committee's responsibilities. The Board may appoint a replacement for any member of the Architectural Design Committee originally appointed by the Board who resigns or otherwise fails to act.

#### **11.3 DUTIES AND POWERS:**

**11.3.1 Duties:** The Architectural Design Committee shall review and approve, conditionally approve, or deny all plans, submittals, applications and requests made or tendered to it by Owners or their agents, pursuant to the provisions of this Declaration. In connection therewith, the

Architectural Design Committee may investigate and consider the architecture, design, layout, landscaping, energy conservation measures, water conservation measures, fence detail, and other features of the proposed improvements.

**11.3.2 Architectural Design Review Guidelines:** The Architectural Design Committee, from time to time and in its sole discretion, may adopt Architectural Design Review Guidelines. The Architectural Design Review Guidelines may impose specific requirements on individual Lots if those requirements are reasonable in light of specific Lot topography, visibility or other factors. The Architectural Design Review Guidelines shall be effective when they are adopted by the Architectural Design Committee. The Architectural Design Review Guidelines shall interpret and implement the provisions of this Declaration by setting forth the standards and procedures for architectural review and guidelines for architectural design, placement of buildings, color schemes, exterior finishes and materials, landscaping, fences, and similar features which may be used in the Project; provided, however, that the Architectural Design Review Guidelines shall not be in derogation of the minimum standards established by this Declaration. The Architectural Design Review Guidelines may include a schedule of fees for processing submittals (which shall not exceed the amount necessary to defray all costs incurred by the Architectural Design Committee in processing the submittals) and establish the time and manner in which such fees shall be paid. The Architectural Design Review Guidelines shall constitute Rules.

**11.3.3 Powers:** The Architectural Design Committee may adopt rules and regulations for the transaction of business, scheduling of meetings, conduct of meetings and related matters. The Architectural Design Committee may also adopt criteria, consistent with the purpose and intent of this Declaration to be used in making its determination to approve, conditionally approve or deny any matter submitted to it for decision.

**11.3.4 Consultants:** With the consent of the Board, the Architectural Design Committee may hire and the Association shall pay consulting architects, landscape architects, urban designers, engineers, inspectors, and/or attorneys in order to advise and assist the Architectural Design Committee in performing its duties.

**11.4 APPLICATION FOR APPROVAL OF IMPROVEMENTS:** Any Owner, except Declarant and its designated agents, who wants to perform any Alteration for which approval is required shall notify the Architectural Design Committee in writing of the nature of the proposed work and shall furnish such information as may be required by the Architectural Design Review Guidelines or reasonably requested by the Architectural Design Committee. The Architectural Design Committee may require an application to include site plans, diagrams, photographs, sample materials or other presentation material as may be necessary for complete review and consideration of the proposed development. All proposals shall be submitted in writing, shall conform to the requirements set forth in the Architectural Design Review Guidelines and shall be accompanied by any required fee. The approval process may also be divided into preliminary and final approvals if set forth in the Architectural Design Review Guidelines.

**11.5 BASIS FOR APPROVAL OF IMPROVEMENTS:** The Architectural Design Committee may approve the proposal only if the Architectural Design Committee finds that:

**11.5.1 Conformity to Architectural Design Review Guidelines:** The plans and specifications conform to this Declaration and to the applicable Architectural Design Review Guidelines in effect at the time the proposal was submitted;

**11.5.2 Architectural Review:** General architectural considerations, including the character, scale, and quality of the design, the architectural relationship with the site and other buildings, building materials, colors, screening of exterior appurtenances, exterior lighting and similar elements have been incorporated in order to ensure the compatibility of the proposed improvement with its design concept and the character of adjacent buildings;

**11.5.3 Site Review:** General site considerations including site layout, open space and topography, orientation and locations of buildings, vehicular access, circulation and parking, setbacks,

height, walls, fences, and similar elements have been designed to provide a desirable environment and one which maximizes the view of the surrounding Residences considering the location of trees, vegetation and other aesthetic and environmental factors;

**11.5.4 Landscape Review:** General landscape consideration, including the location, type, size, color, texture and coverage of plant materials, provision for irrigation, maintenance and protection of landscaped areas and similar elements have been considered to ensure visual relief, to complement buildings and structures, and to provide an attractive environment for the enjoyment of the Owners in general and the enhancement of property values in the Project generally; and

**11.5.5 Drainage:** The percentage area of the Lot to be cleared or graded and the percentage area of the Lot to be covered by structures or other improvements will not cause excessive drainage or surface water run-off due to the topography, percolation rate of the soil, soil types and conditions, vegetation cover and other environmental factors.

If the Architectural Design Committee makes a negative finding on one or more of the items set forth in this Section 11.5, it shall disapprove such matter, or condition its approval so as to allow such findings to be made.

**11.6 FORM OF APPROVALS, CONDITIONAL APPROVALS AND DENIALS:** All approvals, conditional approvals and denials shall be in writing. Any denial of a proposal must state the reasons for the decision to be valid. Any proposal which has not been rejected in writing within sixty (60) days from the date of submission shall be deemed approved.

**11.7 PROCEEDING WITH WORK:** Upon approval of the Architectural Design Committee, the Owner shall diligently proceed with the commencement and completion of all work so approved. Work must be commenced within one hundred eighty (180) days from the date of the approval. If the Owner fails to comply with the provisions of this Section, the approval given shall be deemed revoked unless the Architectural Design Committee extends the time for commencement. Any request for an extension shall be in writing. No extension shall be granted unless the Architectural Design Committee finds that there has been no change in the circumstances under which the original approval was granted.

**11.8 FAILURE TO COMPLETE WORK:** Completion of the work approved must occur within eighteen (18) months following the approval of the work unless the Architectural Design Committee determines that completion is impossible or would result in great hardship to the Owner due to strikes, fires, national emergencies, natural calamities or other supervening forces beyond the Owner's control. If the Owner fails to complete the work within the eighteen (18) month period, the Architectural Design Committee may proceed in accordance with the provisions of Section 11.9, below.

**11.9 DETERMINATION OF COMPLIANCE:** The Architectural Design Committee shall have the right to inspect any work being performed during the construction period. Whether or not the Owner obtained proper approvals and whether or not any inspections were performed during the course of construction, the Architectural Design Committee may inspect any completed work and shall make a determination of compliance as follows:

**11.9.1 Notice of Completion:** Upon the completion of any work performed by an Owner for which approval was required, the Owner shall give written notice of completion to the Architectural Design Committee.

**11.9.2 Inspection:** Within sixty (60) days after the Architectural Design Committee's receipt of the Owner's notice of completion, or, if the Owner fails to give a written notice of completion to the Architectural Design Committee within the completion period specified in Section 11.8, above, a designee of the Architectural Design Committee may inspect the work performed and determine whether it was performed and completed in substantial compliance with the approval granted. If an Owner requests that an inspection be performed, a designee of the Architectural Design Committee shall perform the inspection within sixty (60) days of receipt by the Architectural Design Committee of the request.

**11.9.3 Determination:** If the Architectural Design Committee finds that the work was performed and completed in substantial compliance with the approval granted, the Architectural Committee shall issue a Notice of Approval as provided in Section 11.11. If the Architectural Design Committee finds that the work was not performed or completed in substantial compliance with the approval granted or if the Architectural Design Committee finds that the approval required was not obtained, the Architectural Design Committee shall notify the Owner in writing of the non-compliance. The notice shall specify the particulars of non-compliance and shall require the Owner to remedy the non-compliance.

**11.10 FAILURE TO REMEDY THE NON-COMPLIANCE:** If the Architectural Design Committee has determined that an Owner has not constructed an Improvement consistent with the specifications of the approval granted or within the time permitted for completion and if the Owner fails to remedy such non-compliance in accordance with the provisions of the notice of non-compliance, then after the expiration of thirty (30) days from the date of such notification, the Architectural Design Committee shall notify the Board, and the Board shall provide Notice and Hearing to consider the Owner's continuing non-compliance. At the Hearing, if the Board finds that there is no valid reason for the continuing non-compliance, the Board shall determine the estimated costs of correcting it. The Board shall then require the Owner to remedy or remove the same within a period of not more than forty-five (45) days from the date of the Board's determination. If the Owner does not comply with the Board's ruling within such period or within any extension of such period as the Board, in its discretion, may grant, the Board may either remove the non-complying Improvement or remedy the non-compliance. The costs of such action shall be assessed against the Owner as a Reimbursement Assessment.

**11.11 EVIDENCE OF APPROVAL OR DISAPPROVAL:** After a determination of compliance is made pursuant to Section 11.9, the Board may issue a written Notice of Architectural Determination. The Notice of Architectural Determination shall be executed by any two (2) Directors and shall certify that as of the date of the Notice either (i) the work completed complies with the provisions of this Declaration and the approval(s) issued by the Architectural Design Committee ("Notice of Approval") or (ii) the work completed does not comply with the provisions of this Declaration or the approval(s) issued by the Architectural Design Committee ("Notice of Disapproval"). A Notice of Disapproval shall also identify the particulars of the non-compliance. Any successor in interest of the Owner shall be entitled to rely on a Notice of Architectural Determination with respect to the matters set forth. Each Owner shall disclose to the Owner's subsequent purchaser any Notice of Disapproval unless the Owner has a subsequently issued Notice of Approval which covers the same Alteration. The Notice of Architectural Determination shall be conclusive as between the Association, the Architectural Design Committee, Declarant and all Owners and such persons deriving any interest through any of them. Any Owner may make a written request that the Board prepare and execute a Notice of Architectural Determination, and the Board shall do so within sixty (60) days of its receipt of the request.

**11.12 APPEAL OF DECISION OF ARCHITECTURAL DESIGN COMMITTEE:** This Section does not apply if the Board has dissolved the Architectural Design Committee or during the period of time that a majority of the Members of the Architectural Design Committee have been appointed by Declarant. If the Owner who applied or who the Architectural Design Committee determined should have applied for approval of an Alteration on a Lot or Residence disputes the jurisdiction or powers of the Architectural Design Committee or any requirement, rule, regulation or decision of the Architectural Design Committee applicable to the denial or conditional approval of the Owner's proposal (collectively referred to as "decision"), that Owner may appeal such decision to the Board. The Board shall notify the Owner of the time, date and place of a hearing to review the decision of the Architectural Design Committee. The notice shall be given at least fifteen (15) days prior to the date set for the hearing and may be delivered either personally or by mail. If delivery is made by mail, it shall be deemed to have been delivered seventy-two (72) hours after it has been deposited in the United States mail, first class, postage prepaid, addressed to the Owner at the address given by the Owner to the Board for the purpose of service of notices or to the address of the Owner's Lot if no other address has been provided. After the hearing has taken place, the Board shall notify the Owner of its decision. The decision shall become effective not less than five (5) days after the date of the hearing. The determination of the Board shall be final.

11.13 **WAIVER:** Approval of any plans, drawings or specifications for any work proposed, or for any other matter requiring approval shall not be deemed to constitute a waiver of any right to deny approval of any similar plan, drawing, specification or matter subsequently submitted for approval.

11.14 **LIABILITY:** No approval of plans or specifications or publication of Architectural Design Review Guidelines shall be construed as representing or implying that (i) such plans, specifications or Architectural Design Review Guidelines will result in properly designed Improvements if followed or (ii) any Improvement built in accordance therewith will be built in a good and workmanlike manner. If members of the Architectural Design Committee have acted in good faith, neither the Architectural Design Committee nor any member shall be liable to the Association or to any Owner for any damage, loss or prejudice suffered or claimed due to: (a) the approval or disapproval of any plans, drawings and specifications, whether or not defective; (b) the construction or performance of any work, whether or not pursuant to approved plans, drawings, and specifications; (c) the development of any property within the Project; or (d) the execution and filing of any estoppel certificate, whether or not the facts therein are correct.

## ARTICLE XII ANNEXATION

**12.1 PROPERTY WHICH MAY BE ANNEXED:** Property may be added to the Project by annexation only in accordance with the provisions of this Article.

**12.1.1 Additional Property:** All or any portion of the Additional Property may be added to the Project as one or more subsequent Phases without the approval of the Association or any Owner.

**12.1.2 Other Property:** Property other than the Additional Property may be annexed to the Project only with the approval of two-thirds (2/3) of each class of Members; provided however, any annexation made while there are two (2) classes of membership requires the prior approval of the Federal Housing Administration, if it is a First Mortgagee and/or the Department of Veteran's Affairs, if it is a First Mortgagee.

**12.2 PROCEDURE FOR ANNEXATION:** In addition to any required approval by Members, a final subdivision map(s) or final parcel map(s) and a Declaration of Annexation for the property to be annexed must be recorded. The Declaration of Annexation shall: (i) describe the portion of the Additional Property to be annexed; (ii) describe any Common Area within the Additional Property to be annexed; (iii) set forth the ownership of any such Common Area; and (iv) specify that all of the covenants, conditions and restrictions of this Declaration shall apply to the annexed Additional Property in the same manner as if it were originally covered by this Declaration. The Declaration of Annexation shall also provide that if and only if at the time of the first conveyance of a Lot in a Phase Declarant has rented or leased Lots in that Phase for a period of at least one (1) year after the most recent review of a budget for that Phase by the Department of Real Estate, Declarant shall pay to the Association the following amount: an amount equal to that portion of the Regular Assessment which would have been attributable to each Lot in that Phase and which would have been allocable to reserves for replacement and deferred maintenance of Common Area Improvements had Regular Assessments in that Phase commenced at the time of the most recent review of a budget for that Phase. Such amount, if any, shall be paid to the Association prior to or concurrently with the first conveyance of a Lot in that Phase. The Declaration of Annexation may also (i) impose any additional covenants, conditions and restrictions on the Additional Property that are necessary to include the property in the Project and to reflect differences in nature, if any, of the Improvements to be constructed on the Additional Property and (ii) provide for a specified date on which assessments shall commence for Lots in that Phase, provided that the date specified may not be later than the first day of the first month following the month in which the first Lot in that Phase is conveyed to an Owner. No Declaration of Annexation shall diminish the covenants, conditions or restrictions established by this Declaration nor shall it discriminate between the Owners in the Project. No Declaration of Annexation shall alter or change the general common plan or scheme created by this Declaration nor shall it affect the provisions hereof as covenants running with the land or as equitable servitudes.

**12.3 EFFECT OF ANNEXATION:** After complying with the procedures for annexation and upon the commencement of assessments for Lots in the annexed Phase, Owners of Lots in the annexed Phase shall be Members, shall be subject to this Declaration and shall be entitled to use all Common Area in the Project. The Association shall reallocate the Regular Assessments so as to assess each Owner of a Lot in the Project for a proportionate share of the total expenses of the Project.

**12.4 DEANNEXATION AND AMENDMENT:** Declarant has the right, at its sole option, to (i) amend a Declaration of Annexation by executing and recording an amendment of the Declaration of Annexation provided that the amendment is consistent with this Article, or (ii) remove from the Project any property described in a recorded Declaration of Annexation for a Phase by executing and recording a rescission of the Declaration of Annexation, as long as all of the following conditions are satisfied at the time of the execution and recordation of the amendment or rescission: (a) no Lot in that Phase has been

conveyed to an Owner; (b) no Common Area in that Phase has been conveyed to the Association; and  
(c) assessments have not commenced for any Lot in the annexed property.

12.5 AMENDMENT: This Article may not be amended without the written consent of Declarant  
unless all of the Additional Property has been annexed to the Project.

**ARTICLE XIII**  
**MISCELLANEOUS PROVISIONS**

13.1 **TERM OF DECLARATION:** This Declaration shall continue for a term of fifty (50) years from its date of recordation. Thereafter, this Declaration shall be automatically extended for successive periods of ten (10) years until two-thirds (2/3) of the Owners approve a termination of this Declaration.

13.2 **CONSTRUCTION OF PROVISIONS:** The provisions of this Declaration shall be liberally construed to effect its purpose of creating a uniform plan for the development and operation of a planned development pursuant to the provisions of the Davis-Stirling Common Interest Development Act, Section 1350 et seq. of the California Civil Code.

13.3 **BINDING:** This Declaration shall be for the benefit of and be binding upon all Owners, their respective heirs, legatees, devisees, executors, administrators, guardians, conservators, successors, purchasers, tenants, encumbrancers, donees, grantees, mortgagees, lienors and assigns.

13.4 **SEVERABILITY OF PROVISIONS:** The provisions hereof shall be deemed independent and severable, and the invalidity or unenforceability of any one provision shall not affect the validity or enforceability of any other provision hereof.

13.5 **GENDER, NUMBER AND CAPTIONS:** As used herein, the singular shall include the plural and masculine pronouns shall include feminine pronouns, where appropriate. The title and captions of each paragraph hereof are not a part thereof and shall not affect the construction or interpretation of any part hereof.

13.6 **REDISTRIBUTION OF PROJECT DOCUMENTS:** Upon the resale of any Lot by any Owner, the Owner shall supply to the buyer of the Lot a copy of each of the Project Documents.

13.7 **EXHIBITS:** All exhibits attached to this Declaration are incorporated by this reference as though fully set forth herein.

13.8 **BONDED OBLIGATIONS:** When Common Area Improvements have not been completed prior to the issuance of the original Public Report to which the Common Area is subject and the Association is the obligee under a bond or other arrangement ("Bond") to secure performance of the commitment of Declarant to complete the Improvements, the following provisions shall apply.

13.8.1 **Improvements Complete:** If all Improvements in the planned construction statement appended to the Bond are covered by one or more recorded notices of completion, the Board shall execute whatever documents are required by the surety to release the Bond.

13.8.2 **Improvements Not Complete:** If a notice of completion has not been filed within sixty (60) days after the completion date specified for that Improvement in the planned construction statement appended to the Bond, the Board shall consider and vote on the question of action by the Association to enforce the obligations under the Bond. If the Association has given a written extension for the completion of any Common Area Improvements, the Board shall consider and vote whether to take action if a notice of completion has not been filed within thirty (30) days after the expiration of the most recent extension.

13.8.3 **Action by Members:** If the Board decides not to act or fails to initiate action to enforce bonded obligations, then upon receipt by the Board of a petition for a special meeting signed by Members entitled to cast five percent (5%) or more of the total number of votes which may be cast by the Members, the Board shall call a special meeting of the Members. If the Board has failed to initiate action, the Members shall determine whether they wish to initiate action. If the Board has decided not to initiate action, the Members shall determine whether to override the Board's decision. The meeting shall be held not less than thirty-five (35) nor more than forty-five (45) days after receipt of the petition by the Board.

At the meeting, the approval of the Members, excluding the vote of Declarant, to take action to enforce the obligations under the Bond shall be deemed to be the decision of the Association. The Board shall thereafter implement the decision by initiating and pursuing appropriate action in the name of the Association.

**13.8.4 Release of Bond:** On satisfaction of the Declarant's obligation to complete the Common Area Improvements, the Association shall acknowledge in writing that it approves the release of the Bond and shall execute any other documents as may be reasonably necessary to effect the release of the Bond. The Association shall not condition its approval on the satisfaction of any condition other than completion of the Common Area Improvements. If the Association breaches any of the foregoing obligations, it shall be liable to the Declarant for any damages incurred thereby, including reasonable attorney's fees. Any dispute between the Declarant and the Association regarding the completion of Common Area Improvements shall be submitted to binding arbitration under the commercial rules of the American Arbitration Association and the prevailing party shall be entitled to recover costs, including reasonable attorney's fees.

**13.9 REQUIRED ACTIONS OF ASSOCIATION:** The Association shall at all times take all reasonable actions necessary for the Association to comply with the terms of this Declaration or to otherwise carry out the intent of this Declaration.

**13.10 SUCCESSOR STATUTES:** Any reference in the Project documents to a statute shall be deemed a reference to any amended or successor statute.

**13.11 CONFLICT:** In the event of a conflict, the provisions of this Declaration shall prevail over the Bylaws and the Rules.

IN WITNESS WHEREOF, the undersigned has executed this Declaration on the 21<sup>st</sup> day of October, 1999.
